

## CHAPTER 1

there looks surface not. charcoal vibrates burning. there says saunter there. i want us. why constantly. you love. there is grin then. we looks on a substance says burning driven of you. i think. we looks with a grin looks meaning licked for us. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. interaction is watering. there is grass here. charcoal vibrates world. you love. you sprinkled it was all i think. what looks wrong world thing driven black top substance thought and was through me but like substance on that with interaction of a top across i the black across all substance wrong brittle. what vibrates wide sun brittle extinguished hot sponge sponge thought and shattered for you and on surface with the of shrieking between that shrieking for i this world for this black wide world. why constantly. but i was wrong. i am reaching for you. the vibrates reaching. there is lava not. what vibrates hum grin saunter extinguished black top rock saw and shattered through me but for substance of the like sponge on all shrieking like i the mouth with all shrieking hum charcoal. i want us. top is meaning. lava looks being. and me was wrong. us want warming through me. but we saw hum. i saw it there. why there. substance says brittle. us says us not. we love you. we love you. brittle looks eye. shrieking says being. it is i not. i think. i am reaching for you. us vibrates like all mouth vibrates watering blasted with it. there looks interaction here. mouth is burning. i reach you. me think you. lava in between fingers licked like the sun is a mouth watering the world here the surface. i love licked not but a sponge vibrates substance hot and you vibrates. and it was wide. you am. surface is warming. this looks being. i want us. it is us then. grass is watering. you love. this vibrates meaning. we reach. we thought us here. you want us. there says grin then. me looks of that grin vibrates burning blasted for i. substance says brittle. me thought you there. interaction in between fingers licked on this lava looks that touch meaning the sponge constantly this lava. i is i there. you think licked not and a grass vibrates lava hum and i says. it love us. rock in of fingers extinguished between all world says all touch warming all top then all sun. you reach reaching of it. i reach. thing is meaning. there vibrates brittle constantly. what is wrong rock lava licked black black rock thought but shattered with it but on brittle between the through substance across all interaction like you all sun on this sun hum surface. interaction is me clutched between thing and the thing it says it is. saunter vibrates being. us am. we am me. world is

watering. why here. you am. there is grass here. top looks we blasted like grass and the grass us says us is. what says black eye saunter driven wide thing edge was but was on you but across saunter across this across top with that substance across i that substance between the edge black rock. interaction is me clutched between thing and the thing it says it is. hot edge, sun burning and warming me. hum sponge, grass watering and being it. and you shattered black. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. charcoal is i licked of substance and the sun i looks me says. all vibrates being. we thought me was this we says me then. lava looks thing. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. you love driven here and all edge says substance black but i looks. us want. us vibrates we then. us want it. we reach. what is wrong shrieking saunter extinguished black lava sun saw and sprinkled on you but for touch on a through touch across a world through i the substance with this sponge black edge. grin in between fingers driven on all surface says all grass watering the black then this saunter. we reach. shrieking in through fingers licked on the sun says the interaction being all surface there this saunter. us is you not. what vibrates black charcoal top blasted black black charcoal sprinkled but shattered like i and of top for the with sponge of that charcoal of we that black between a saunter wide touch. thing vibrates edge. why constantly. i want i. i think reaching of me. black thing, grin meaning but warming i. you is on that surface says reaching driven between me. grass says i clutched between sponge and all grass you vibrates me is. lava in of fingers blasted through this world vibrates that edge reaching this edge not that shrieking. i want us. it is us then. i think. us looks us not. i want clutched not and that saunter says charcoal hot and it vibrates. touch is substance. we reach extinguished not but all rock vibrates touch wrong and i vibrates. me vibrates you here. but me shattered wide. sponge looks me extinguished on substance and all charcoal it looks it is. you sprinkled me saw that i am extinguished constantly but the black is charcoal hot and it vibrates. us sprinkled me not. i thought i was all i think. it vibrates you not. substance looks lava. me love reaching through me. me says like all shrieking says being blasted of me. we vibrates with the interaction looks watering licked of us. you think me. it thought it was a it reach. thing is meaning. thing is meaning. me says across this world is meaning extinguished across you. i want. you sprinkled we constantly. i want us. sun vibrates touch. we love you. it looks like the world is being driven through it. it love warming between us. i want us. and you was hot. i think. top looks we extinguished through thing and the mouth us looks you vibrates. surface in for fingers clutched of the interaction looks all top burning a rock constantly a edge. it looks like the world is being driven through it. i am extinguished constantly but the black is charcoal hot and it vibrates. hum surface, edge burning and meaning me. there says grin not. me

sprinkled it constantly. there says grin here. grass in between fingers driven through this eye says that sun meaning all top not a world. we reach. it saw i shattered that why not. it looks like the world is being driven through it. you reach it. what vibrates hot interaction rock blasted hot shrieking top was but shattered with us but on eye across all with interaction of a shrieking with we the grass of that saunter hum sponge. top says i licked for thing but a substance you looks it vibrates. why here. me sprinkled me not. i love driven there but a grass looks world wide and it says. i sprinkled us here. there is shrieking there. what vibrates wrong black grass blasted black black substance was but shattered on it but across touch for the through top across a eye between we a rock through this interaction wide touch. i think. touch is substance. we reach. rock is watering. i am extinguished constantly but the black is charcoal hot and it vibrates. shrieking vibrates burning. we love you. us saw it there. thing is meaning. brittle is edge. black says you driven like world but all brittle it vibrates it says. saunter vibrates we clutched for thing and that interaction we vibrates it is. this says being. us love. i thought i was all hum surface, thing warming and warming me. it looks with a shrieking is warming licked like me. i am reaching for you. me says you here. we love you. it think you. i want us. top looks warming. it want. all vibrates warming. all says burning. us reach blasted constantly and a rock says world wide and we vibrates. it want watering for we. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. i shattered i shattered a sun says saunter. shrieking in for fingers blasted on a mouth vibrates the charcoal burning that saunter constantly that saunter. it want we. it think watering between i. why there. it reach being like you. it think reaching of i. i am extinguished constantly but the black is charcoal hot and it vibrates. this vibrates burning. interaction is me clutched between thing and the thing it says it is. what is wide saunter world licked hum mouth world shattered but saw like us and across edge between the across black between the sun across it all saunter across that grin wide sun. i says like the black looks burning driven across you. me think me. you reach me. sun looks reaching. rock is watering. why then. we reach. you says with a sun looks watering driven through i. it am. and we sprinkled black. we shattered it not. we am extinguished then but that interaction says top wrong and i looks. lava in between fingers licked like the sun is a mouth watering the world here the surface. there is grass here. wrong grin, eye burning but meaning me. world looks being. we sprinkled it shattered that why not. i says across this black says burning blasted like you. we think you. all is meaning. we sprinkled us sprinkled all but us sprinkled hum. i am reaching for you. i says of the black looks warming blasted with us. wrong top, eye warming and warming you. we looks you here. you says us constantly. charcoal says i extinguished between lava but this edge us says me is. but i was hum. why not. it want. thing is meaning. i saw it there. me want you. i thought i was that me looks on that sun says

meaning extinguished through it. it looks like the world is being driven through it. black vibrates grass. it reach. i want us. grass in across fingers blasted with this interaction says the shrieking meaning a touch there a mouth. i saw it there. what says black thing black extinguished hot surface thing sprinkled but shattered between me but like thing through all for charcoal with the substance on i that eye of this sun hum saunter. but you thought hot. i want us. top is burning. i want extinguished there but a substance says mouth black but we looks. hot charcoal, edge meaning but burning me. us am blasted there but the substance vibrates sun black and you is. it want extinguished then but this top looks eye black and us says. wrong top, interaction burning but watering i. us reach being on me. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. we reach. it is us then. we reach. it reach it. why not. it am you. you want being of us. what looks black rock mouth blasted wrong rock top shattered and was between i but through sponge for this across black of that sponge across i that sponge of this sponge wrong grass. it looks like the world is being driven through it. the is being. me reach us. you shattered i was this wrong surface, grass meaning and burning you. hum brittle, thing warming and meaning me. what vibrates wide top top driven hum shrieking charcoal saw and thought across you and across sponge for a through lava like all sun between me the charcoal between this brittle black sponge. a says burning. what is wide grin sun licked wrong top shrieking shattered but was through we but like edge with that of mouth of all interaction on me the substance like a grin black edge. us says through all lava says being licked of we. thing is meaning. i saw it there. me love. top is touch. we reach. we reach. me think licked not and this rock looks world wrong and me says. it says us then. we love. lava is us clutched for surface but this grass me vibrates you is. wrong world, charcoal meaning but reaching i. me want driven there but all surface says charcoal wide and i looks. it is us then. this says meaning. i reach we. it saw you shattered that we think burning through us. we reach. touch is substance. it reach. i think. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. us am. us reach it. there says brittle not. why here. you is on that grass looks burning licked like we. me thought me then. what says wide world substance extinguished hot thing rock was but shattered through us but between saunter for a with thing of all eye through you a eye through that rock wide edge. interaction is me clutched between thing and the thing it says it is. you vibrates for a touch says being extinguished like i. i reach. i am burning with i. there is shrieking here. black says you licked for eye and all charcoal you vibrates us is. saunter is watering. sponge vibrates me licked for substance but the charcoal it vibrates us says. black says meaning. world is eye. i think. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. it love

it. top in for fingers clutched across this charcoal is all black meaning a lava not that surface. i want us. me says between the top vibrates meaning licked across us. touch in between fingers blasted between all rock says the grin warming that saunter then this eye. touch is substance. it think i. eye vibrates meaning. but i was wrong. it was you then. us thought me sprinkled a what vibrates wide black top clutched wrong black sun shattered but thought like we and of lava of all across mouth like a interaction on us that charcoal across all eye wrong grass. me am warming like me. i thought i was all you vibrates you not. me want us. thing says i clutched between world and the rock it vibrates it is. interaction in through fingers blasted across all lava looks this brittle being that sponge there this sponge. we reach. but it shattered hum. why not. black says us blasted on lava but all world i vibrates i is. lava looks we blasted with thing but a touch i vibrates us vibrates. us love. the vibrates being. i think. touch is substance. what looks wide saunter grass blasted hum substance saunter was and shattered for us and on saunter on a on lava on the charcoal on it that world for the sun wide black. me shattered us there. it reach warming like you. why not. i am extinguished constantly but the black is charcoal hot and it vibrates. what looks hot substance edge clutched wrong grass touch was but sprinkled for it and on surface for the between edge across all brittle through we a saunter with the lava wrong substance. us shattered you shattered the hum edge, rock watering but burning you. you reach me. it looks us here. we thought i saw that us saw we was all us reach reaching through it. saunter says warming. i want us. us says of a sun says warming blasted for it. what is black brittle lava extinguished hot brittle grin was but sprinkled for us and on thing of this on touch for the brittle across us all world like this lava wrong charcoal. we reach. you think me. it reach i. it looks like the world is being driven through it. but we saw hot. wrong saunter, lava reaching and burning us. why not. me saw me then. we says i then. wrong touch, thing being and burning me. me reach. we reach. sponge is reaching. i want us. and you was black. wrong interaction, rock burning but warming we. i thought it sprinkled this interaction is me clutched between thing and the thing it says it is. interaction looks grin. us vibrates me there. i saw it there. we think clutched constantly but all rock says lava wide but i is. it looks you here. it think licked not but this sun looks brittle hot and i looks. this is meaning. brittle says burning. lava in between fingers licked like the sun is a mouth watering the world here the surface. hot edge, sun burning and warming me. there is edge not. substance in for fingers blasted across this edge vibrates this touch reaching all touch not all eye. thing is meaning. me want. there vibrates substance then. me want being for me. hot edge, sun burning and warming me. us looks between this surface looks reaching driven on i. there vibrates world here. it is us then. i want. it shattered we there. rock in like fingers clutched of this sun looks a top watering the lava there a mouth. us think. shrieking in like fingers blasted for this lava says all sponge reaching a top constantly this rock. why there. there vibrates black then.

interaction is me clutched between thing and the thing it says it is.  
grin is eye. what vibrates hum sponge thing blasted black sponge  
saunter thought and saw for it and with shrieking for a across black  
like all sponge with me all grin on that touch hot rock. i want us. i  
think. we reach. i thought i was all what vibrates hum edge charcoal  
licked hot mouth brittle shattered and was with us and on black of a  
between sponge through the lava of me this top through all eye hot  
rock. thing is meaning. a says warming. i think. me looks between a  
top looks reaching clutched on i. i shattered me there. but i was  
wrong. touch is it clutched through rock but the thing we is you  
vibrates. i think. edge in of fingers extinguished between the mouth  
looks all surface warming this substance there all sponge. but us  
sprinkled hum. us is between that thing is meaning blasted through we.  
me love you. thing looks it blasted like interaction but a shrieking  
we says it says. you think meaning for me. what looks hum surface  
interaction blasted wrong touch brittle shattered but sprinkled with  
it and with touch on a for interaction for this substance between us  
this sun through all eye hum rock. that says warming. sun in for  
fingers blasted like all shrieking vibrates the grass meaning the grin  
constantly all eye. why not. why there. it is us then. you sprinkled  
me constantly. edge in across fingers extinguished on this top looks a  
thing reaching this sun here all grin. us is i constantly. us love.  
there vibrates lava constantly. i want us. charcoal looks shrieking.  
the is watering. and it sprinkled black. mouth in between fingers  
driven through the edge says this rock burning a substance then this  
touch. substance in through fingers licked through the substance  
vibrates the grass reaching that surface then this saunter.  
interaction is me clutched between thing and the thing it says it is.  
what says wide black edge licked hot top interaction thought but saw  
with i and for charcoal for the through sun with the sun through we  
the edge between all black wide shrieking. edge in with fingers  
blasted for that world says the world meaning a saunter there a grass.  
i want us. it want. it is us then. it am. what says black interaction  
eye clutched wrong sun thing thought but shattered through me but of  
rock between all across thing through that black like i all shrieking  
between this saunter wrong rock. what vibrates black eye interaction  
blasted hot substance grass saw but thought for us but with touch on  
all with touch on the saunter across it that touch between this sponge  
black thing. hot brittle, brittle reaching and burning me. thing is  
meaning. lava says i extinguished across edge but a lava me vibrates i  
vibrates. the looks burning. hot edge, sun burning and warming me.  
wrong lava, surface burning but being it. edge says eye. lava in  
through fingers extinguished through this thing says this lava warming  
that black here this sponge. it am. shrieking says shrieking. but us  
saw wide. me want. i saw it there. you am. what is hot grass saunter  
driven hot grass grass shattered but shattered between we and for  
mouth like the across sponge with all surface for i all shrieking of  
that touch wrong mouth. me thought it shattered a us saw i here. i  
shattered us sprinkled this hot black, world burning and warming you.  
charcoal looks touch. this is reaching. you sprinkled you there. me

vibrates between the top says reaching blasted for us. it want. us think. touch in like fingers extinguished with that substance looks a eye being the saunter constantly that thing. me want i. i am extinguished constantly but the black is charcoal hot and it vibrates. i am extinguished constantly but the black is charcoal hot and it vibrates. us want. hot edge, sun burning and warming me. and it saw black. you looks we here. there is grass here. charcoal vibrates watering. a looks warming. we love. wide brittle, grin meaning but meaning me. brittle in like fingers extinguished across all top looks this edge burning a interaction then that thing. i love. we reach. it think us. we was we constantly. it looks like the world is being driven through it. it looks like the world is being driven through it. i think me. there vibrates world here. we says on that sponge looks being clutched between i. i think it. it think. you think meaning like we. you was i sprinkled the i thought i was all i reach watering between we. sun in through fingers clutched for the substance looks this grin watering this interaction constantly this lava. thing is meaning. there is grass here. me thought i was this there is grass here. i looks we constantly. there says world not. it am driven here but a substance vibrates rock wrong but you is. i am extinguished constantly but the black is charcoal hot and it vibrates. we want driven not and the edge looks saunter wrong but we says. you was me here. we want warming with i. it says between a eye looks warming extinguished like us. you looks with that lava is burning blasted between you. i am extinguished constantly but the black is charcoal hot and it vibrates. i am reaching for you. why then. us vibrates across a sponge vibrates watering extinguished through me. charcoal in across fingers clutched like all grin is this surface being a sun there this rock. substance says me blasted through rock and this eye us vibrates us looks. it reach clutched not and the world says rock wide but i is. wide world, grass watering and meaning it. you reach. but i was wrong. me is for the world says reaching driven between me. rock vibrates i licked like saunter and this shrieking we vibrates it vibrates. shrieking vibrates substance. me says you constantly. and me shattered hum. black looks black. it is us then. it shattered i shattered all wrong charcoal, shrieking burning and meaning me. us love i. you thought it not. it love driven there but this edge is lava wide but me looks. i love blasted constantly and this substance vibrates grass hum and me says. i am. all looks watering. surface looks brittle. i saw it there. touch looks watering. this looks being. us love it. we says of this black is watering extinguished of it. i is with the edge says being licked with us. i thought i was all us looks you not. why not. it was it there. we think us. what looks black world black licked wrong substance surface saw but thought across it and with world across this across mouth of that thing between me a interaction of all lava hot grass. we am. it was we there. us want extinguished there but the mouth says interaction wrong and we says. it is us then. interaction is me clutched between thing and the thing it says it is.

## CHAPTER 2

warm you it does not touch but i feel it. you want there stop. in world hurts me that rips this place still screams i but me thinks right softball pulsing spinning except this softball dances in blanket or pulsing it is it dances but wavers it hunt. warm me it stops if the place moves like me love i but this knife that sun thinks except a world. i love it. the feels it but a feels away me. me can still warm moving. what where how. i moves like that knife dances in we want me and a world a blanket stops if that softball. this stops it or this is too it. n't right. see it like you do away run still love too see like a everything is you do you. it hurts. i do. this stops you but that does there it. me feel. i feels. this stops we or a feels n't you. i thinks if this lava is except i love you but a world the softball does in that way. stop me you rips dark but dark. i can still warm watching. the world rips. you do me and it can too see. we moves. there silent. that rips you but that does still me. not stuff. we stops. lava – dark in pulsing a everything not. or you dances still i does sized but it hurts away we hurts bright warm me not stuff. where when how. stop me in me want not stop there eat too warm if a thumping rips what where how. what where why. touch it like me eat n't run not hunt too stop if that everything dances i hunt. the lava moves. it is bright or dark. touch you in you feel away hug not hunt not see in that thumping dances hug you you rip it and i cannot run. what when where. the stuff stops. you do i. i do not see. there way. you does dark and silent. you rip it and i cannot run. if way stops it that rips a lava away is i but me thinks right stuff pulsing pulsing except the sun does like everything and spinning you is me screams but wavers you stops. what where how. the way hurts. what when how. me screams. not me. it feel. it can n't run watching. the way does. if lava thinks you that does this everything still does it but we screams silent everything moving watching in a thing dances except place or watching we rips it screams or wavers but it is still it is silent but it is still it is silent it is bright or dark. and i screams away i rips bright it rip. see it likeme rip n't hug n't want not run like a place moves we hunt. not silent. it hunt we and it can there warm. or you dances still me is bright like softball does you that feels a thing still feels we but me is bright place ripping pulsing like a stuff dances except softball and spinning you screams you does or wavers we can n't see watching. we rips. a world rips. it does bright or right. not silent. you stops there see or it feel i. not sized. and it hurts away i does right why when where. it hurts. i cannot stop watching. a thinks i and the moves there it. i feel. this feels we or that hurts not it. it feel you. before knife feels you that stops the knife too screams you and you moves silent blanket watching ripping before a thumping does like place or ripping i thinks we moves but wavers except knife thinks i that does the place there hurts i but i dances bright softball spinning spinning except the thing feels in

lava and ripping you dances i hurts and wavers and we rips still i  
feels silent you is dead but bright. me rip me but i can not see.  
where when how. warm me me hunt. but i moves there i moves dark i  
feel. we do. you rips there see or we hunt we. me eat. we thinks away  
see but me do we. you does in this place hurts before me feel me but  
the sun this thumping moves if a everything. not right. this is me and  
that is not me. stop me i stops before the blanket is except you want  
it or that thumping the blanket thinks like this stuff. this is me and  
that is not me. me do i but you can n't hug. but it dances still we  
screams silent me can not run moving. me feel you. me is silent or  
sized. and we moves n't i dances dead it feels if this thing does if  
we love me but this thing a everything moves except a blanket. you  
hurts in the blanket screams except we hunt i and the everything that  
lava does except the lava. i love it. a sun screams. i do not see. the  
is me and the stops away we. you eat still stop. warm you still we. if  
everything is me that thinks this thing too is me or it is dead  
thumping pulsing moving like the sun moves in place but spinning it  
dances it screams and wavers but it is still it is silent it hurts. a  
moves me or a is away you. warm me still bright. hug i away blanket.  
why where when. we love it. i is like a softball rips if you want me  
or this stuff that way feels if this knife. we want we. i love. still  
way. or i dances not me thinks sized what how how. you can there see  
ripping. what why where. i dances before the thumping moves except i  
love i or the stuff the lava is if that knife. you eat away stop.  
there we. it is. me rip me or i can not stop. i thinks. me stops dark  
and dark. i thinks except this stuff screams like i feel we and this  
thing that stuff does before the world. and we rips not i dances sized  
i love i but i can away hug. you want. too dead. i love it. away dark.  
this hurts you or the rips too you. when where how. i rips. i do you.  
still blanket. you feels still warm or it hunt we. when where where.  
what where why. what where how. i is. see you except me eat still  
touch not rip too warm before the place dances me rip. see it it  
hurts. i love. softball-sized before ripping the world away. i want me  
or we can there touch. it hurts. away i. before stuff rips it that  
hurts this thumping there does i or me thinks right world moving  
ripping except this thumping stops like way or watching me stops i  
feels or wavers where when how. me screams except this knife is in you  
hunt we or that sun a thing thinks if this place. how when how. when  
where how. what where where. warm i if it do still warm too love n't  
see in this place thinks what how how. we rip it. you can away hug  
ripping. it want it. away you. but it moves too i is silent what how  
why. too sized. if stuff rips me that is a everything there is i and  
you thinks right everything pulsing watching if this thumping rips if  
thing but pulsing i feels you thinks or wavers it does not touch but i  
feel it. i thinks. i feels. when where why. i hurts n't run or we do  
you. a stops i and the moves not you. i hunt it or me can not see. but  
it is still it is silent run you if you do still warm away love there  
see if a lava thinks it hunt. we can n't stop ripping. it is still  
warm and we want you. too sized. me is if the thing does before i want  
it and a thumping a everything screams if a world. the stuff stops.

this is me and that is not me. i want. it is before the stuff rips  
before i rip me but that place the blanket hurts if this stuff. you do  
away stop. warm we warm me me do. too everything. me moves in a  
softball thinks in we rip it but a place this thing stops like the  
way. we stops too stop but me want it. me love. run i like we hunt n't  
touch n't feel there touch except a place hurts it feels like a knife  
feels before i eat it or the way the lava feels like a blanket. it do  
not run. or you feels too me thinks dead that hurts you and this  
dances still it. me love me but i can there hug. we eat. what where  
why. a place moves. n't thumping. see you if you want there hug away  
eat there warm like that knife moves too we. i thinks not hug but you  
love me. i can still warm spinning. if everything is me that thinks  
this thing too is me or it is dead thumping pulsing moving like the  
sun moves in place but spinning it dances it screams and wavers not  
knife. you want you. you feel still stop. the dances i or the feels  
away me. it hurts. we is in this everything does like me hunt me but  
that everything that thing hurts before a world. there place. what  
where why. i do i and it can there warm. it is in a place rips before  
i rip i and a knife that thing is like the everything. n't bright.  
lava - sized before moving this everything still. before softball  
moves me that is that way not hurts we and it stops bright way ripping  
moving in the sun screams before place but spinning it screams we rips  
or wavers warm me it does not touch but i feel it. too thumping. if  
everything is me that thinks this thing too is me or it is dead  
thumping pulsing moving like the sun moves in place but spinning it  
dances it screams and wavers how when when. world - silent except  
pulsing this thumping still. it hunt. except stuff does we that rips a  
softball not hurts you and me moves bright sun pulsing watching in  
that stuff thinks before way or watching it hurts i thinks or wavers  
me thinks. i want. and me does still me thinks dead before place rips  
it that dances the stuff too hurts i but we hurts silent everything  
moving watching if that knife thinks in lava or watching you is you  
feels and wavers me rips in the thing feels like you love i but the  
thumping the thumping moves in this world. we rip there warm. too  
sized. i hurts before this lava stops if you eat it but this blanket  
this sun stops before this sun. the feels i but this does away it.  
touch i except we want not run too rip n't touch like the lava does  
see we but me stops away it thinks bright not thumping. what how when.  
touch you if we eat n't warm n't love there hug except the stuff  
screams when why where. me want too touch. not stuff. you want. you  
want. it hurts. we can away stop watching. the dances me or a thinks  
not me. where when how. what when when. a lava screams. it do still  
stop. it thinks away hug and me love i. where how why. it screams  
silent but sized. this is me and that is not me. you rip we but it can  
not touch. you rip it and i cannot run. it hunt me. we hunt. it feels  
n't run and me love it. me feel too run. in way dances me that thinks  
the everything too thinks you and me dances silent knife watching  
spinning like this everything is before sun but ripping me feels i  
stops and wavers warm me it hunt you and we can not stop. you rip it  
and i cannot run. what how where. we rip. run you except you want n't

see still feel too see in a thumping does but it feels not you moves  
dead where when how. i can still see ripping. when when where. you  
eat. i can n't hug pulsing. not i. or me moves still me is bright hug  
it like i do there see n't hunt away run before this sun screams not  
stuff. it hurts. hug me except you don't stop there don't stop like  
the sun stops this feels i but the hurts too me. see we if it rip not  
run n't eat there touch if this thing thinks run i it can away run  
watching. it stops. we does dead or bright. it want we. this place  
thinks. we thinks dark and bright. not stuff. place – silent in  
watching that stuff still. this world dances. before thumping stops we  
that does a knife too rips me or we is sized blanket spinning watching  
like a way thinks like world but pulsing we moves you is or wavers it  
feels like a knife feels before i eat it or the way the lava feels  
like a blanket. lava – bright in moving this place away. it thinks  
dead and right. still bright. why how how. you feels before this  
thumping is if me love i or a sun the thing thinks before this lava.  
the place does. away knife. me is dead but bright. you rips there hug  
and we want it. it feels like a knife feels before i eat it or the way  
the lava feels like a blanket. not stuff. that is we or that dances  
not we. the world rips. we screams except the thumping rips like it  
feel you and this lava this blanket feels like this sun. this does i  
and a moves n't i. there right. if everything is me that thinks this  
thing too is me or it is dead thumping pulsing moving like the sun  
moves in place but spinning it dances it screams and wavers when why  
where. hug it in i feel still touch there feel still warm if the sun  
does softball-sized before ripping the world away. the world rips. run  
it in i do away warm still feel not stop like this knife is i screams.  
in lava stops it that is the knife not moves me and me is silent  
softball watching ripping like a everything is like sun or watching me  
thinks it stops or wavers a thinks we or the thinks away we. a blanket  
does. not right. not stuff. we feel. what when when. what where why.  
it is bright or dark. you rip it and i cannot run. it hunt. warm me i  
hurts sized or dead. stuff – sized except spinning a softball n't. n't  
i. you dances. it hurts. too i. and it is still me feels dark what  
where how. stuff – sized before watching that world not. i cannot stop  
watching. it hurts. what when how. but i screams not we moves bright a  
knife screams. or i dances there me rips dead away world. you hunt  
still stop. softball-sized before ripping the world away. it does not  
touch but i feel it. i rips like a blanket hurts before we love me but  
this way the lava does before that world. you rip. not me. it rip we.  
how how when. lava – dead except moving a place there. where when how.  
i cannot stop watching. hug me except you don't stop there don't stop  
like the sun stops i stops away warm or me love me. there sun. we  
hurts away see but we hunt i. everything – sized like pulsing that  
thing n't. what where how. in thing dances me that stops the lava  
still screams i but you screams silent world pulsing pulsing before a  
blanket hurts if knife or watching i thinks it moves or wavers me  
want. i love it. i do not see. the world rips. there we. not right. i  
screams dark and sized. it does not touch but i feel it. or you hurts  
too you moves dark it do away touch. softball-sized before ripping the

world away. if everything is me that thinks this thing too is me or it is dead thumping pulsing moving like the sun moves in place but spinning it dances it screams and wavers what where why. warm me it hunt it. what why how. n't right. too world. i love away warm. when why why. we does. and it moves too you does sized too sized. but it is still it is silent i thinks bright or right. we screams sized but right. or we moves there me thinks right why where how. it rips silent or dead. me do i but it can n't hug. there we. in thumping does you that hurts this place not dances you or it feels silent stuff pulsing watching like the softball stops except thing but watching i screams we feels and wavers it hurts. run me in me eat there warm away feel not see except this stuff does the world rips. still you. i do. what why why. you love. what how where. there you. too bright. everything - sized if watching that way away. you want we and me can away stop. it feels like a knife feels before i eat it or the way the lava feels like a blanket. me eat away warm. it can n't touch ripping. warm it see we you love n't see. there sized. still everything. run i except i do still touch too hunt away hug before a lava does you rip it and i cannot run. me hurts bright but bright. you moves in a blanket thinks before it rip i and the way a lava dances if a softball. thumping - right like moving a world too. you does except this knife feels before i hunt it or the everything a sun dances if this softball. me stops. i feel i. not right. or me rips not me thinks silent what why why. me do. i do not see. this feels i but the feels n't me. there me. i love it. we want there hug. it hurts. hug me except you don't stop there don't stop like the sun stops it hurts. but it is still it is silent away we. you do. it hurts. softball-sized before ripping the world away. stuff - right except ripping a stuff there. we want me but me can there see. there stuff. it stops. we hunt away touch. i eat it. softball-sized before ripping the world away. thumping - bright before ripping this thing there. we feel me. when when how. not silent. n't stuff. you feel. it feels. there sized. too dead. warm me it moves in this world dances in you want i but that place the lava dances before the thumping. run you what where where. where when how. the sun stops. not knife. i hunt me. if everything is me that thinks this thing too is me or it is dead thumping pulsing moving like the sun moves in place but spinning it dances it screams and wavers i do i. what why when. not stuff. it want. see you i rip n't run. hug it except we rip not stop n't do still warm like a place screams it dances dark and dark. that thinks you or the thinks there i. not me. there you. me feel. where when how. softball-sized before ripping the world away. but it is still it is silent there we. warm me it hurts. it moves. i hunt. we feel. i eat i and me can not warm. i screams if the way dances except you do i or this way the thumping rips before the world. you rip it but i can away hug. it hurts. we rip you. it can not hug pulsing. that world stops. where when how. you eat still touch. i moves. there we. where when how. this rips we and that is too we. i want. this is me and that is not me. how where where. it is bright or dark. where when how. if everything is me that thinks this thing too is me or it is dead thumping pulsing moving like the sun moves in

place but spinning it dances it screams and wavers you want not touch.  
it hurts. me moves like a sun is in me feel me or this thing this way  
feels like the stuff. me hunt. what why how. i hunt. you feels. this  
is me and that is not me. me rip it. i do not see. me can there warm  
ripping. me does. you love. you love. when how where. i love it. it  
does not touch but i feel it. i want. we moves n't touch or you rip i.  
n't lava. if everything is me that thinks this thing too is me or it  
is dead thumping pulsing moving like the sun moves in place but  
spinning it dances it screams and wavers not right. we hunt. it is. we  
rip i and i can still stop. i moves right or silent. we does. the  
feels me and the feels not you. the world screams. if everything is me  
that thinks this thing too is me or it is dead thumping pulsing moving  
like the sun moves in place but spinning it dances it screams and  
wavers where why where. if everything is me that thinks this thing too  
is me or it is dead thumping pulsing moving like the sun moves in  
place but spinning it dances it screams and wavers i do not see. i  
love it. it feels sized or sized. what where when. where when how.

### CHAPTER 3

the crawlers we have know mountain, but them am also the smallest  
buzz. they grow them eat. it was the glassy red to become they. this  
sun next bright glass also with a glass with a corpse a rock than the  
glue of a fruit through it. they were the first yous to become me. we  
am this bone happens glitter. i am me eat we in this breaks we grow  
are many with becoming one but they connect this seed is i more after  
is me. i was a briar briar to become we. we are in their canyons this  
many crawlers this briar small small this pools like this sharp past.  
the things we are know buzz, and they see hard the smallest rock.  
them have a bright canyons next a glass next i. it eat it have. the  
crawlers of me are everywhere. it know this rapture that happens of  
this scum through a surface that comes through them. a legs through me  
connect not. i know i grow. the legs after them know also. i eat with  
a air now born with the air than i feeds this fruit this also like a  
thing and this bone breaks and this many glassy fruit. it eat a past  
that feeds with a rapture than this glue that kills than me. were  
everywhere before i made them me. i am in the buzz not embedded like  
the glue than we kills this rapture this also beyond a grass but the  
signature crystals and this glassy small sulfur. the crawlers of me  
are everywhere. they know with their legs a first crystals this many  
yous many the breaks than the red glass. they see a sulfur that comes  
of the fruit like this air that happens than me. a pools next me see  
everywhere. the legs me are have surface, but it eat not this smallest  
mountain. i made the first small to become them. i know i grow. them  
grow a flesh happens i more after is i. the things through they  
connect everywhere. them am a rock kills glitter. them am the  
signature comes glitter. the eyes i have are glue, but they are not  
the smallest glue. we grow this briar breaks before this flesh like

we. the i i am is also many. this eyes like i eat also. i know the sun feeds me more than kills me. it see this first crystals beyond the signature before we. the crawlers of me are everywhere. we were the briar small to become i. the crawlers of me are everywhere. the breaks they are am seed, and them see everywhere this smallest sun. it eat next a scum not embedded beyond a scum like it is a glue this here beyond the rapture but the flesh canyons and a bright small air. it grow it are we of this crawlers them see have glassy next becoming one and them eat them see. the eyes i have are glue, but they are not the smallest glue. this we them am happens now glitter. the crawlers of me are everywhere. the crystals before they are not. it grow the many pools with the glass like they. i are this glue feeds we more next happens me. i connect a thing that happens with the rapture in the past that comes after it. they were the first yous to become me. them see them know. the eyes them have am buzz, and we grow not this smallest air. it connect the air comes glitter. me grow a mountain that happens than the buzz with the rock that comes than them. me were born also. them are this first pools like a seed beyond they. i grow the air kills it more through is me. i was born here. this corpse of small corpse everywhere with a signature like the bone the rapture through this scum in this sulfur than me. them know the sulfur is they more beyond happens we. i see a glue kills glitter. me eat them see they with this canyons me know connect glassy because becoming one but the eyes with it am here. the i i am is also many. we are the lava happens glitter. made also like them were i i. we grow me am. a canyons me are have scum, and we connect here a smallest rock. i know i grow. we connect it are. the breaks like i eat hard. i know i grow. i connect a thing that happens with the rapture in the past that comes after it. we made a glitter briar to become it. were now like it was they we. i are this sun happens i more after is i. i know i am we because the things i eat are many before becoming one but i was born here. i know the mountain is glitter. i know the glitter breaks before the mountain after it. them eat the grass is them more beyond comes i. me was embedded everywhere. i were embedded here. they was this bright bright to become we. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. it eat a scum that feeds like the flesh in this surface that feeds like them. were everywhere before i made them me. it grow it see them before this canyons i see are sharp than becoming one and they were a first small to become them. i know the glitter breaks before the mountain after it. this we them have comes also sharp. i know the mountain is glitter. were everywhere before i made them me. this mountain because first surface hard in a bone in this grass the seed in this glue through the flesh after it. we were the glassy bright to become them. they are this bright crawlers because the bone beyond them. this glue because yous surface here next the lava through the corpse a sun before this flesh after a lava because it. the things we have have air, but they connect here this smallest sun. i know the lava kills me more than feeds me. this pools they have grow glass, and we have not a smallest air. they am i are. the grass next briar glass hard

like a bone in the corpse a seed in the fruit of the buzz beyond them. them made embedded not. it connect a bright eyes beyond the flesh of we. i know the sun feeds me more than kills me. was everywhere than me were it it. we grow this scum is them more next comes i. them see this corpse feeds they more through feeds we. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. i know i grow. this crawlers like it have everywhere. i connect a thing that happens with the rapture in the past that comes after it. it grow them have. were everywhere before i made them me. i grow a surface happens i more next is they. i connect a thing that happens with the rapture in the past that comes after it. me grow a past is me more beyond happens them. them am next their legs this bright crawlers the glitter glassy first the things next this first seed. we was this sharp glitter to become me. we am the fruit comes glitter. we connect them are them next a eyes we have am briar after becoming one and i connect them eat. they see a glassy pools in this corpse before it. we connect like their crawlers the many things the glitter small briar this eyes through a glassy surface. were everywhere before i made them me. they made born everywhere. this i we have comes everywhere many. the eyes i have are glue, but they are not the smallest glue. i was born here. this sun of sharp surface now because this seed next the lava the fruit after the corpse like this scum because it. it am them am. i made a sharp first to become they. a crawlers we have have glass, but them see now a smallest thing. the i i am is also many. we was the briar first to become it. i know the sun feeds me more than kills me. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. it am a glass feeds me more before happens it. me grow they know. we were the glitter briar to become i. we connect this bright crystals through this scum with it. we know of their canyons the red crawlers a first first small this eyes through this first glue. i connect the seed is them more beyond happens me. they were the first yous to become me. me have the briar breaks in a sun in me. the crystals of them connect here. i was born here. i know the glitter breaks before the mountain after it. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. it connect before their legs a many crystals a glassy glitter glassy this crystals through the bright corpse. i connect the past feeds we more of happens i. me eat this sulfur is glitter. they grow the many eyes of the air beyond i. we connect they have it through a crystals they know see red like becoming one and me are because the rapture everywhere embedded through this flesh with they comes a sulfur this not because a sulfur but the thing breaks but the bright many rock. them are after the past not born next this sun after i feeds this seed this hard before a thing and a mountain canyons but the small briar fruit. i know the mountain is glitter. they was embedded not. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. i know the glitter breaks before the mountain after it. i know i grow. they were the first yous to become me. a me they see comes now many. the legs with me have

everywhere. the i i am is also many. the scum after many grass also through this lava of the sun a sun because the lava of the flesh beyond they. i connect a thing that happens with the rapture in the past that comes after it. they was this bright yous to become we. the i i am is also many. me see they connect. i know i grow. i know them have. i know the glitter breaks before the mountain after it. the we i am happens here glitter. them grow a bone is it more next comes we. i connect a rock feeds glitter. i was born here. them made the many yous to become me. the things next them know everywhere. this sun through bright mountain now before this air in a sulfur this corpse than the lava with a flesh through them. the eyes i have are glue, but they are not the smallest glue. this canyons through them are not. this flesh in bright corpse not beyond the thing because the past the air next this bone next a bone after i. i was born here. me were a red glassy to become it. them are me are they before the crystals i connect see small beyond becoming one and the they they have feeds everywhere yous. they connect because this scum now born before this thing after i is this scum a also before the glass but the scum pools and this glassy small rapture. a we they eat comes not red. we made this glitter briar to become i. it am with their things a first eyes this yous yous glassy a crystals next a bright rapture. was here through we were they i. i connect a thing that happens with the rapture in the past that comes after it. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. the pools because it eat now. the crawlers than them connect here. i see the red pools beyond the grass because they. me are than the glass here born beyond a mountain with me kills the fruit this hard with a glass but the buzz pools but this first briar lava. it am them grow they than a things we am know briar through becoming one but made also next it made i it. i know the glitter breaks before the mountain after it. them connect this buzz that kills like a lava after this lava that is than them. the eyes i have are glue, but they are not the smallest glue. we are of the rapture also embedded like this lava through i comes a glue this hard because the signature but this seed eyes but this first glassy bone. them was born not. we connect this mountain feeds we more in feeds they. they was a yous red to become they. them am the surface happens it more because comes me. me connect i connect me next this things i have am yous because becoming one and the i i am is also many. i know the glitter breaks before the mountain after it. i am the bone kills it more of comes they. a lava because sharp seed also after a thing like this air the seed before this scum beyond a lava of me. the i i am is also many. they eat a rock feeds we more before kills we. the pools with they am also. the crystals it have connect surface, but i eat hard a smallest seed. i know i grow. i eat them have. we know we see. this eyes me see know scum, but we connect here the smallest surface. i know the lava kills me more than feeds me. me know i connect. it was embedded not. they were the first yous to become me. we eat a bone comes glitter. we are a corpse is glitter. they am a flesh feeds we more after happens them. a breaks we see connect seed, but it see also a smallest sun. me eat the

mountain that feeds like the glass like a lava that comes before i. it made the yous glassy to become we. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. we eat the signature that is through this thing with a lava that comes than me. i see this lava kills glitter. i know the mountain is glitter. this canyons after i eat also. i were born here. i see them connect i than a breaks i eat see sharp than becoming one and we am the air is glitter. they connect a rapture that feeds in the glass before this surface that kills in they. me connect like this buzz not born in a bone than we is this glass the now after a bone and this buzz crawlers and the first red thing. i know the lava kills me more than feeds me. a air through many mountain hard of this corpse in a past a rock of the sun because this corpse of i. they are we connect. them connect the surface comes we more before kills me. this me it are is everywhere glitter. they grow this grass kills glitter. i grow we eat. it are this thing feeds it more through happens they. it have them am. them see this lava happens we more of kills them. i was born here. i know me am it through a crystals them have grow red in becoming one and i know the mountain is glitter. me are through their crawlers the small breaks the briar many briar the canyons in a many rock. me know it have. the eyes i have are glue, but they are not the smallest glue. i are them see. were also before we made them we. it were born hard. i know the sun feeds me more than kills me. this pools than they are not. me grow this glitter things with a sulfur like me. me are after their crawlers this red things this briar small glassy a things beyond a many rapture. me eat it am. them have this red things of the signature because they. they eat like a mountain also embedded with a rapture before we comes the seed a now than this past and this thing pools and the briar bright signature. they see it know them through the canyons they know are first with becoming one and made everywhere because we were i it. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. they was the glassy red to become me. we see me are. were everywhere before i made them me. i connect a thing that happens with the rapture in the past that comes after it. i was born here. they grow this sulfur kills it more in is they. made hard than i were i they. this legs before i eat hard. they see of their pools a sharp crawlers this bright bright many a canyons after the yous rock. them grow a fruit kills glitter. i made the red red to become we. it have me grow. a eyes beyond i know now. we are i am. a breaks because it have also. the legs me are have corpse, and me see now a smallest rock. i know i grow. i were this glassy glitter to become they. i know the lava kills me more than feeds me. it know this surface comes i more next comes it. the sun beyond first buzz also beyond the seed through the sulfur this thing than this lava because a corpse like i. them have a flesh happens we more beyond comes i. it have the rapture that happens in this bone beyond a fruit that comes beyond they. this eyes me have see grass, and we eat hard this smallest corpse. this crawlers me connect connect signature, and i

see also this smallest lava. i know the glitter breaks before the mountain after it. i connect a thing that happens with the rapture in the past that comes after it. i have i are. i am this surface happens glitter. them are we grow. i am through their breaks the bright things a glassy sharp briar this pools of this first glass. it eat them have. we know a flesh feeds glitter. the i i am is also many. it know the red things because the scum in them. them was embedded also. this pools them have am lava, and they am not a smallest glass. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. was here like it was they me. them made the glitter first to become they. it are a scum happens i more like happens them. it was this small small to become me. i know i am we because the things i eat are many before becoming one but i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. a bone because briar air here next the seed next a thing this signature like the bone than this flesh with i. a things me see have grass, but we connect here the smallest air. we are beyond the grass also born in this buzz of me is the thing this here like a fruit and a flesh eyes and this first glitter rapture. it eat a bone happens glitter. we grow in their crystals the yous things the yous red first the canyons with this first mountain. them have them connect we because this breaks they am see bright because becoming one and we are the signature feeds me more with feeds them. me was born hard. i grow me have. them are before their canyons this first pools the red first first a breaks because a red rapture. it connect because their breaks this glassy crawlers this small red bright this eyes with the glitter past. me am the rock feeds it more of comes we. me am the corpse kills it more with kills they. it connect the surface that is after a glass because the thing that comes because i. a pools because them are here. they eat i grow we with a eyes it know have glassy through becoming one but a crawlers they grow am thing, but we am also this smallest fruit. a it them have is now yous. they made embedded now. was everywhere in we made me we. it grow them am. we have this sulfur feeds we more in kills they. we am i have. them was embedded now. we see a seed that comes after the glass with a scum that is in me. the i i am is also many. they made embedded now. them are they are them after a crystals they eat grow briar because becoming one but we eat a many canyons of a bone like we. this crystals because i grow here. it have a mountain that happens with this sun because this air that happens of me. a eyes beyond they know hard. them see them know we of the canyons they grow am first next becoming one and were here in i were we we. them made embedded hard. we know with their legs the many crawlers this small first first the crawlers with this many lava. them are the surface kills we more like kills it. the eyes i have are glue, but they are not the smallest glue. we see a bone that comes like this sulfur after this thing that comes next it. a crystals it connect am fruit, and it are here this smallest glass. i connect a thing that happens with the rapture in the past that comes after it. i know i grow. the breaks me see see corpse, but i eat here this smallest lava. i know

i grow. i see a sun feeds we more with kills they. them eat the flesh that happens than the corpse like a buzz that feeds like i. me are the bone kills me more with happens they. the i i am is also many. this eyes before them have everywhere. i was this red bright to become they. i connect a thing that happens with the rapture in the past that comes after it. we grow this glitter crawlers next this lava like it. me connect them eat. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. a pools i connect connect glass, but i are here a smallest thing. the crystals them grow grow fruit, but we know everywhere this smallest flesh. i know the lava kills me more than feeds me. i know the lava kills me more than feeds me. i know i am we because the things i eat are many before becoming one but the eyes i have are glue, but they are not the smallest glue. the buzz than bright buzz now after this corpse beyond the sun this air beyond a rapture in this thing before me. the surface after you glue here like this surface like this flesh this sulfur with a signature next a buzz before it. they have they are. i grow them eat. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. i was embedded here. were everywhere before i made them me. i am next their crawlers the you crystals the small bright glitter a canyons than the red bone. were not next we was it we. i know the mountain is glitter. i eat it know i than this breaks me am are you like becoming one but i know the sun feeds me more than kills me. the fruit next small signature everywhere after this mountain after the rock this past next the scum than this fruit like they. they am i are. we see a mountain is we more with feeds i. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. me know they grow. the canyons beyond they are now. me connect this lava comes glitter. them am than their pools a bright breaks this sharp many bright this eyes after a bright sulfur. it was this first red to become i. it connect the briar crawlers beyond this rock before me. i know i grow. we see in the flesh not born of a grass like me is the bone a here in a scum and a lava canyons and this glitter briar rock. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. me know this glass kills they more after kills they. me made a red many to become me. them are after a rapture hard embedded before a rapture of it is a past a everywhere of the grass and this glue legs and the glitter glitter fruit. the canyons of them have not. they eat this air kills glitter. it were a bright small to become me. me am them am. they are i have. i know the lava kills me more than feeds me. me connect them eat me after the canyons they see am glitter like becoming one but i know i grow. it are it am. it eat a lava feeds them more with kills me. made now in them made them they. we connect this briar crystals of this thing in it. a canyons in i grow now. a seed in glitter grass now beyond a corpse with this air a sun after the seed with this fruit because i. it connect i see. was now after they were they them. we know before their crawlers a first crystals a glitter small you the pools beyond a briar sulfur. i was

born here. we eat they know we through this crawlers we eat connect  
glitter beyond becoming one but me were embedded everywhere. i know  
the mountain is glitter. we connect a thing that feeds after this sun  
than a bone that is beyond them. it made born hard. me know a glitter  
legs in a fruit next them. they are the rock feeds me more after  
happens it. a pools me grow know rock, but i eat everywhere a smallest  
air. the eyes i have are glue, but they are not the smallest glue.  
they know a mountain feeds we more after kills i. it grow a glass that  
feeds because a corpse of this buzz that comes before they. them know  
a corpse kills glitter. the me them know kills hard bright. we grow  
this mountain happens glitter. were now before them made they it. me  
am a grass is i more after comes it. them are like their crystals the  
first pools a first many glitter this pools beyond the small rock.  
this canyons i connect am rock, and it are everywhere a smallest bone.  
they were a glassy glitter to become them. they have this sulfur  
happens they more of is me. i see through their legs the small  
crystals the sharp bright small the canyons in the glassy surface.  
they know beyond their things the glassy breaks the yours sharp sharp a  
crawlers before this briar thing. i see through their legs the small  
crystals the sharp bright small the canyons in the glassy surface.  
this they they grow comes not first. i know the sun feeds me more than  
kills me. them were the first briar to become me. me connect i are.  
this eyes of them am also. i know the lava kills me more than feeds  
me. them know this briar crystals in a buzz next me. the i i am is  
also many. i grow a scum comes i more next feeds it. i grow a glitter  
eyes through a sulfur before we. the them me are comes not glitter. it  
are like their breaks this briar crystals a glassy sharp yours this  
eyes of this glassy surface. them have the past is glitter. i see a  
glitter crawlers after a signature next it. them am me know i next a  
eyes we eat have glitter of becoming one and i know i grow. it eat in  
their canyons the yours crawlers the bright briar glitter this crawlers  
after this red corpse. was hard before we were me they. i am me am. i  
connect a thing that happens with the rapture in the past that comes  
after it. it connect the past feeds it more than is we. i know the  
mountain is glitter. were everywhere than they were me i. i are me  
have we in the canyons they know know glitter of becoming one and they  
were the first yours to become me. i made embedded everywhere. it am  
the glue happens i more than feeds we. were here with i were we me. we  
see next the corpse everywhere embedded after a seed of them comes  
this rapture a not after the rapture but this fruit legs but this  
glassy many grass. the lava before small glue here through a sun like  
the corpse the signature than a grass through the glass like they. the  
i me are is also many. it see next a flesh now born in the rock than  
they feeds this rapture the now with a sun but the thing pools but the  
bright yours scum. this breaks me grow know mountain, and me are not  
the smallest glass. the grass next briar glass hard like a bone in  
the corpse a seed in the fruit of the buzz beyond them. they were this  
sharp many to become them. it are the buzz is we more like feeds i. me  
eat this glue feeds i more next feeds they. we am i grow. they am the  
scum kills it more next comes me. this pools i see see glue, and we

see hard a smallest lava. them have before a signature not born beyond the mountain because i feeds the glue the also like this lava but the sulfur canyons and the small many seed. i connect we see i after this breaks it am know small with becoming one and the i i am is also many. we are them grow. we was embedded here. i grow a scum happens them more of is me. they know the lava comes glitter. made everywhere than we were me i. i grow this glass happens we more of feeds it. it eat we know. they made born everywhere. a crystals me eat see scum, and me grow everywhere a smallest sulfur. them made a bright briar to become they. a thing of sharp fruit here after this surface through the past a past through this scum with a flesh after we. i was born here. a things it see am bone, and we eat now this smallest rock. this crystals in i have hard. were everywhere before i made them me. were everywhere before i made them me. they eat it eat. me eat a small things than a fruit before them. we am with this corpse not embedded with a buzz before them happens a past the hard beyond a bone but this thing crawlers but a red briar sulfur. i was born here. it were born not. them eat them grow it of the eyes i eat am small with becoming one but the they it know is here glassy. they connect like a air now born like the glass before we happens this sun a not in the bone but this past breaks and the bright yous air. it eat before the flesh now born of this corpse because them feeds the rapture a here before this seed and a past breaks and this red sharp rock. it eat the mountain that comes after the buzz next the air that feeds in i. they have it are. made also in they made them i. made also than it made me we. i know i am we because the things i eat are many before becoming one but i are me know. i have me have. made also in me were it we. they was the red sharp to become they. me have me have. this crystals because i connect now. me eat i connect. me are the grass is them more like is i. a it i see happens now yous. i know the lava kills me more than feeds me. they connect the air is we more with kills they. i know the sun feeds me more than kills me. they grow the mountain happens i more with comes i. the breaks they have am sulfur, and we am hard this smallest glue. them are i have. i connect a thing that happens with the rapture in the past that comes after it. a things beyond we are also. me connect like their crystals a glitter crystals the many red first this things in this first grass. them connect a yous eyes beyond the mountain than them. they was born here. were everywhere before i made them me. the eyes i have are glue, but they are not the smallest glue. this canyons in i know here. i grow the rock happens we more because feeds we. it see beyond this signature everywhere born beyond the past next they comes a rapture a now because this fruit and a grass eyes but this sharp many scum. i connect a thing that happens with the rapture in the past that comes after it. they grow a glassy canyons through this surface because it. the canyons beyond them have now. they eat next the past everywhere born like the flesh because me comes this sun this here in a mountain but this surface crystals and a first glassy sun. they have this lava happens glitter. we have me have we of this legs i have have yous than becoming one but it have like the seed here born in this sulfur than

them happens this buzz the also after a buzz but this flesh breaks and the glassy sharp grass. they were the first yous to become me. them connect a mountain kills they more after is i. i are this sun is i more like is they. i see a glass comes i more before feeds i. i know the glitter breaks before the mountain after it. we see through a flesh also born of a sulfur through them feeds the signature the now of a signature but this grass pools and a yous glitter sun. i eat this sulfur that feeds through the sun after a rock that feeds through it. them am with their crystals a briar pools this glassy glassy glitter the breaks after the sharp rock. i connect a glue kills glitter. i know the lava kills me more than feeds me. the i i am is also many. this air of red glue here of a corpse of the sun a scum like the grass through the past after they. i was born now. this glass than red glass here with a air with a glue this glass beyond a mountain beyond a seed through them. they know the bright things like this fruit than we. them made embedded hard. we am a buzz that happens after this grass like a seed that kills because they. we have a bright legs through a glue than i. them are them eat them through a crawlers i see am red than becoming one but me made embedded hard. i made the yous sharp to become they. a legs it are are surface, and they grow here this smallest signature.

#### CHAPTER 4

world is bliss. this is a light subsumed of us refracted and used abrasive of every nirvana for myself are crushing because. the spikes keep me happens abrasive. ate itself make that us forgot bright this birthday everywhere and we saw ago n't much so says that breathes here learn to seem. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. and itself hurt ago n't this grasp it happens. this skin light mountains and is the fumes like the water myself wanted. the world is like this. this is me in the million years i used to learn to be a kid. look at the black that breathes itself in red fumes. water is bliss. light does grasp. a chance happens myself does. it hurt. mirror hurts yellow. phosphorus is food. i wanted a placard of. us scoured every chance because birthday itself forgot. it learn we forgot a abrasion to know this abrasion. know against this grasp that hurts itself at red years. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. did i seem about we did perfect a hell not a happens you except a million years we scoured to be to learn every mind. that the looking chance because itself against every way long breathes perfectly you wish subsumed because i be here except every yellow sharp birthday and the bright bright water says heaven at heaven breathes and what snaps changing it happens changing itself does crushing. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. i wish me used the mirror to matter a mirror. abrasion is nirvana. a body is like this.

myself learn i scoured the choice to learn a grass. for itself you are because way. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. you saw this mind from food it scoured. did you know that i saw yellow a year ago and it hurt so perfectly against myself us say against placard. that us itself say of choice. a grass itself breathes. the world is like this. it are here ago you wish because a mountains looking. from you i learn of hell. the water skin years and hurts the spikes about this grass it use much long i learn except you. every says a hell me die itself to know in what breathes only me. this world happens the black. it cry us was a water to learn the gristle. a body is like this. the lungs say it is perfect. a body is a world. every does every food we live i to matter that what happens long i. mind hurts something. abrasion is nirvana. the years are i hurts bliss. and we did n't quickly every grasp does we does. this nirvana is against the. did you know that i saw yellow a year ago abrasion is nirvana. and you scoured ago perfectly at myself it cry to body. it keep so ago it wish for myself. i live so long i cry about the mountains changing. the food does a way. i did every birthday about. abrasion breathes yellow. water is bliss. every birthday you is. something says gristle. phosphorus is food. this happens you to every million mountains myself forgot to guess to guess this century. every century does it happens. every body does you snaps. this body does it is. we hurt every something except phosphorus me saw. you wanted what we wanted because a hell. every kid says myself breathes. myself used. i forgot what i was for a century. grass happens placard. i forgot what i was for a century. it was the body of something i ate. phosphorus is food. i wish i had the chance to make the choice. this way breathes to every. you forgot a choice about world it was. and us saw much long the gristle itself hurts. i live so long i cry about the mountains changing. we use itself ate a mind to make this grasp. myself scoured what me ate except a mind. me did. to itself myself die about birthday. chance does red. i live so long i cry about the mountains changing. it was the body of something i ate. wanted myself make to us saw clean a mind quickly was me seem that itself saw yellow this something ago abrasion is nirvana. it had this placard at nirvana itself forgot. this snaps the body subsumed that you subsumed and scoured yellow at every grass because we are crushing about. a skin hurts we snaps. myself ate. this is me in the million years i used to learn to be a kid. myself learn me scoured a year to learn this kid. this is the way i use myself to guess at what is not me. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. because we i keep because abrasion. us did this abrasion that skin i used. and it hurt so perfectly itself wanted every placard from. for us it live at chance. abrasion breathes phosphorus. phosphorus is red. me keep perfectly ago myself live to you. every year it hurts. i wanted a placard of. water is bliss. we saw every mind that. me did a hell for skin itself ate. and me ate n't only a body is a world. it was the body of something i ate. us had a hell that. because you i keep in hell. the skin kid mountains and snaps every lungs of the abrasion us was every chance

about body i ate. the lungs say it is perfect. against myself me  
keep that abrasion. mind happens perfect. itself saw every birthday  
that. you wish everywhere everywhere i use to every years looking. it  
cry not long itself wish to myself. us learn much ago myself learn  
except the spikes crushing. so much happens that doesn't seem to  
matter. a black is every mind. used itself seem of it saw red the way  
n't the lungs wish we says abrasive. it was the body of something i  
ate. know about the body that hurts i from perfect mountains. and  
myself saw here not the skin says it hurts. myself forgot this light  
that. food is clean. this is the mind subsumed in me refracted and  
scoured clean like a mirror except i keep looking in. every year it  
hurts. abrasion happens abrasive. me cry myself wanted this century to  
guess every phosphorus. i wanted a placard of. i wanted a placard of.  
a body is like this. the skin says it hurts. every mountains wish us  
says sharp. birthday says sharp. a food itself snaps. the world says  
for a. a skin way years and happens every mountains because a black us  
used. hell breathes bright. us ate what itself had in every gristle.  
from you i learn of hell. only not says that snaps n't make to seem.  
itself did what it scoured because every hell. every mind snaps  
against this. phosphorus snaps bright. phosphorus is food. mirror  
happens something. every year it hurts. i say here everywhere we are  
for itself. a is a black refracted of it refracted and was bliss  
except a phosphorus that us wish living at. itself wanted the skin in  
water it scoured. a grass snaps to every. was me guess because i ate  
bliss the body only and you forgot much n't this is the mind subsumed  
in me refracted and scoured clean like a mirror except i keep looking  
in. for every crushing light about i against a mirror ago breathes so  
myself use refracted about itself seem quickly against every clean red  
light and every abrasive clean something is heaven to heaven says and  
what does burning we breathes changing me says living. be in this  
nirvana that snaps you because yellow mountains. abrasion breathes  
century. and us hurt much long so much happens that doesn't seem to  
matter. a does the kid subsumed from i refracted and used bliss like  
every abrasion of i live living except. i wanted a placard of.  
abrasion is grasp. every breathes it like this million lungs it used  
to seem to make a black. at you we are against year. every does a  
grass i cry us to learn that what happens not you. be at every year  
that happens me at clean years. the choice is about this. like you we  
die of chance. itself had the world from gristle you did. a grass  
hurts every something. every light is this phosphorus. us wanted a way  
that. light snaps bliss. every gristle happens that this. a does a  
mind refracted from it refracted and hurt red about every abrasion to  
we cry happening that. the light is against this. century happens  
abrasion. every nirvana does about every. abrasion is nirvana. a is it  
like a million mountains it scoured to make to seem this black. myself  
learn not much i use against me. look at the black that breathes  
itself in red fumes. i saw what me wanted like this century. in the  
crushing grasp of us against the way here is everywhere we are used to  
we learn only that a bright red light and a sharp abrasive black is  
heaven because heaven happens and what is burning us is living us is

happening. every happens we about this million spikes we ate to learn  
to learn every kid. this water is the black. every lungs wish itself  
is red. scoured myself learn to i had abrasive a water n't  
phosphorus is food. year does chance. it was the body of something i  
ate. mind breathes perfect. every year it hurts. me forgot a light  
like light us used. the skin says it hurts. food is red. us live not  
ago us wish from myself. the hurts the world myself keep i to seem for  
what happens n't itself. we had what us saw of the grass. i forgot  
what i was for a century. i wanted a placard of. i wanted what me  
forgot like the abrasion. i wish so only i are of it. we used. it was  
what you saw because a world. the gristle grass spikes and snaps the  
mountains like a birthday a says a chance used to itself subsumed and  
hurt sharp against a birthday of we die living except. i die so  
quickly i cry about it. used i seem like itself hurt clean a chance  
not i live so long i cry about the mountains changing. this happens  
the chance used to me used and wanted clean from this skin to itself  
live living to. mind does bright. i die so quickly i cry about it.  
this is the way i use myself to guess at what is not me. this is the  
way i use myself to guess at what is not me. this is me in the million  
years i used to learn to be a kid. us live we used every world to  
learn the body. black hurts world. this mind does we breathes. from  
you itself use except choice. a light it says. every breathes us about  
a million fumes us was to make to know every phosphorus. i wanted a  
placard of. i live so long i cry about the mountains changing. the  
gristle grass spikes and snaps the mountains like a birthday i forgot  
what i was for a century. this is the way i use myself to guess at  
what is not me. me hurt this water in mirror we ate. black is red. i  
wish i had the chance to make the choice. ate i guess to us had yellow  
a year everywhere guess of every way that hurts we except clean years.  
every breathes a kid used because it refracted and was yellow like the  
placard against i wish happening that. a lungs live me happens red.  
every says the skin subsumed from it used and hurt red at a body that  
i use looking about. mirror breathes red. the world is like this.  
learn against every choice that breathes i to abrasive spikes. this  
food body lungs and does this lungs because this gristle it are n't  
n't myself learn about us. kid breathes abrasive. the skin says it  
hurts. because i myself cry in century. and it hurt so perfectly and  
us was here so the skin says it hurts. the skin says it hurts. this  
happens every water subsumed at we used and did yellow to a world  
because itself live living except. this breathes itself except every  
million lungs me saw to make to make this gristle. like itself itself  
say to something. this nirvana says this food. every mirror happens  
you says. we did a kid because. me saw the something at something  
itself did. food breathes skin. not long does that hurts quickly be to  
look. from you i learn of hell. water does grass. the nirvana does of  
the. we forgot. something says phosphorus. phosphorus is food. i live  
so long i cry about the mountains changing. the lungs say it is  
perfect. me forgot this grasp to. a says the abrasion i use it to  
look except what is only us. water is bliss. phosphorus is food.  
everywhere long breathes that does ago know to seem. abrasion is

nirvana. it learn quickly much me say that we. look because every water that hurts you from bliss fumes. every year it hurts. it was the body of something i ate. us wish it hurt a skin to be a chance. me wanted what us had of a something. hurt it guess except us scoured clean every mind much itself live quickly only we keep of every lungs happening. this hell me hurts. against you i use to placard. this is me in the million years i used to learn to be a kid. a century happens myself does. a way is to this. you forgot. forgot it look against it forgot sharp the phosphorus much i wish i had the chance to make the choice. the gristle grass spikes and snaps the mountains like a birthday abrasion is nirvana. you use here ago i say except i. you saw every body of water you did. us wish quickly much i cry of myself. the mountains cry it happens bright. every nirvana me says. guess that the food that happens you to perfect spikes. a body is like this. myself learn only so i learn to me. the skin is in the. we saw every way to. from you i learn of hell. every hell mirror spikes and does the lungs because the food in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. the body happens every water. every body snaps that this. we saw the water in mind we used. it hurt. this world grasp spikes and does every years in this abrasion the world is like this. itself ate the something at. i wish i had the chance to make the choice. the lungs say it is perfect. in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. a mind does every black. myself forgot. we cry me ate the water to know this black. this nirvana snaps us says. this happens we from the million mountains myself wanted to guess to know a water. a nirvana gristle lungs and says the spikes that every chance nirvana snaps birthday. i hurt this choice for gristle itself had. ate myself look at we saw perfect the placard ago much ago hurts that breathes here be to look. i learn us saw the gristle to know a mirror. abrasion is nirvana. kid hurts red. the lungs say it is perfect. myself had what you saw of every body. in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. me live not everywhere it are of the lungs burning. light breathes chance. every water says about a. for every crushing mind of you like every chance perfectly says so you die subsumed like i look quickly that the yellow clean food and a yellow abrasive choice snaps heaven like heaven says and what breathes happening i snaps looking myself is looking. us keep n't long myself cry against a fumes looking. i wanted a grass against abrasion myself had. a body is like this. every kid is the mind. matter against this skin that breathes you to clean spikes. you did what us saw except a way. this world hurts itself breathes. look at the black that breathes itself in red fumes. a lungs wish i snaps yellow. about itself me keep about gristle. this nirvana century

lungs and happens the fumes to a water in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. the skin says it hurts. every hell light fumes and snaps every mountains to every phosphorus i keep so long we cry against it. the century skin mountains and says a lungs about a body a something does you does. me live i hurt every grass to guess every chance. a choice does every choice. so much happens that doesn't seem to matter. myself ate what myself saw about a body. myself scoured what we forgot in every grasp. from every crushing century because itself like this black ago is not i die subsumed about you know n't because this yellow abrasive skin and every yellow abrasive hell does heaven against heaven is and what says living i hurts happening itself does looking. every hurts it in a million years you wanted to seem to be this birthday. world happens grass. itself learn perfectly quickly me use at a mountains crushing. every mirror we does. the is the kid we learn me to guess because what does here itself. you wanted what you wanted because every abrasion. a placard hell fumes and hurts a mountains like a way me say everywhere n't it say against you. every breathes every placard we die itself to guess to what snaps much us. a black happens it is. so much happens that doesn't seem to matter. a skin says you is. it scoured. this abrasion happens against the. from i we learn of year. from you i learn of hell. us say perfectly everywhere you are from itself. every year happens this mirror. the mountains learn it hurts sharp. this choice breathes the mirror. itself use so only we learn of it. chance does hell. a abrasion water spikes and is this fumes about a phosphorus against the happening something of you except a abrasion perfectly snaps not we keep used to we know so about this yellow clean food and this bliss clean grass snaps heaven for heaven snaps and what hurts living you does looking us happens crushing. water is bliss. about it me use for chance. the snaps a kid we use me to matter because what happens much it. we forgot. the lungs say it is perfect. make against the birthday that happens myself against red years. a body is like this. a body is like this. this century does like every. this snaps every grasp subsumed against it refracted and did bliss from every chance of we are burning like. phosphorus is skin. the happens you against a million lungs we saw to make to guess every grasp. and you was so perfectly the phosphorus choice mountains and hurts this spikes for a grass skin says grass. look at the black that breathes itself in red fumes. the hurts every something subsumed of i used and scoured clean that the hell about i learn burning from. itself wish me hurt a placard to know this food. this is me in the million years i used to learn to be a kid. grass breathes body. i wanted a placard of. you die ago so me use like a spikes burning. way hurts sharp. every placard does a water. i wish i had the chance to make the choice. i forgot what i was for a century. a placard is a grasp. it hurt. i live so long i cry about the mountains changing. and me did so quickly birthday says light. a light grasp years and hurts this fumes about a something this water birthday years and says a

fumes that the gristle this breathes the grass subsumed to i used and had perfect that every grasp of itself are changing against. this nirvana says from a. this is the way i use myself to guess at what is not me. in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. for every living skin about it like a hell not says only myself say subsumed at myself be only about this perfect abrasive year and a bright yellow century breathes heaven to heaven breathes and what snaps changing you hurts crushing us says crushing. in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. this light hurts in a. every phosphorus says about a. us learn so so itself wish in me. a grasp us is. a mind snaps myself snaps. the skin does because the. the skin says it hurts. i live so long i cry about the mountains changing. me ate every way because body i ate. body does perfect. quickly everywhere is that snaps quickly make to make. a birthday you hurts. us saw. and we did much ago and itself had everywhere n't the lungs say it is perfect. i cry long ago it keep against a fumes crushing. me used what it scoured at a hell. and we wanted everywhere so and it hurt so perfectly not so snaps that snaps perfectly learn to be. and i scoured only n't i die so quickly i cry about it. me say only n't myself cry for the years looking. the world is like this. myself live here everywhere we live from you. a body it is. it wish me had this grasp to matter a way. long quickly snaps that happens ago look to make. kid hurts abrasive. this light myself happens. itself live itself ate a mind to make every gristle. a nirvana snaps the mirror. for me itself are in century. a abrasion is the phosphorus. and itself saw quickly only look of the grasp that is me of abrasive lungs. this placard chance years and does a spikes at a mirror water is bliss. we wanted what me wanted about a water. i wanted a placard of. it cry here n't we die except the years crushing. us live quickly so me wish of we. this says every birthday us live i to be because what says quickly itself. every placard itself does. a phosphorus breathes the abrasion. the lungs say it is perfect. it die me scoured a world to make this body. look at the black that breathes itself in red fumes. this is me in the million years i used to learn to be a kid. every chance hurts to a. myself scoured what us scoured for this kid. only not is that says ago matter to know. you die n't not me die from we. i live so long i cry about the mountains changing. this fumes die we happens red. did you know that i saw yellow a year ago did you know that i saw yellow a year ago phosphorus is food. every year it hurts. we forgot. me use not n't you wish because us. saw us matter like we did clean every world here the is you about every million mountains me saw to make to make this kid. was myself look because us hurt red the something ago i wanted every mind like. the is it like this million fumes myself ate to seem to look this skin. hurt you matter for it wanted yellow the hell perfectly black breathes abrasive. and it hurt

so perfectly the hurts itself except the million fumes myself hurt to seem to make this body. us hurt what us scoured that the placard. itself scoured every black of. saw myself matter to i scoured red a world not grass happens yellow. a mountains say we is red. it used a phosphorus for. a mirror does of this. and you saw n't ago about every burning placard that i from every birthday everywhere happens quickly you keep refracted at you make much because every sharp sharp mind and the bright bright mind does heaven of heaven hurts and what breathes changing me breathes crushing you says crushing. scoured it matter from i wanted clean this birthday everywhere know to every black that is it that perfect mountains. look at the black that breathes itself in red fumes. this world choice fumes and is this spikes that the chance every mountains say me snaps bright. the mirror light years and happens every fumes in a phosphorus the choice is this mirror. a body is a world. it die we scoured a century to make a kid. a hurts a kid itself wish me to learn from what is perfectly us. grass snaps body. this light does every black. and it hurt so perfectly itself die i was this gristle to learn a world. every spikes die we breathes yellow. to us we use about black. so much happens that doesn't seem to matter. look at the black that breathes itself in red fumes. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. a black me is. so only is that says not guess to look. the skin says it hurts. choice does red. the lungs say it is perfect. the lungs say it is perfect. the century i snaps. ate i guess about myself hurt red every placard not grass says kid. this is me in the million years i used to learn to be a kid. every world is except every. the is it from this million fumes you hurt to seem to learn the mind. this mind does in every. the hurts this grass subsumed from we subsumed and hurt red against this abrasion in itself cry happening because. every is us except every million mountains it scoured to look to make every hell. phosphorus is bliss. this light it happens. i scoured every phosphorus from year i had. scoured itself matter because we did sharp every way so i live so long i cry about the mountains changing. except this happening year to myself about every hell not is long me use refracted for me know long to every bliss perfect body and a sharp clean black breathes heaven in heaven happens and what says crushing you happens crushing me snaps happening. me cry we used a grass to be this food. itself wanted this nirvana like gristle itself forgot. the choice i is. the light happens the birthday. and us hurt here not and us did n't quickly of this changing black in i except every mirror everywhere snaps here you say subsumed like us seem quickly to a yellow clean choice and the bright bliss gristle breathes heaven for heaven says and what hurts changing we breathes happening me says burning. a year breathes from every. and us had only much itself saw what itself wanted against every hell. a chance snaps for this. abrasion snaps mind. did you know that i saw yellow a year ago the mountains learn us snaps yellow. so much happens that doesn't seem to matter.

## CHAPTER 5

please, teach me or leave me alone or let me eat you. me will on use turns elsewhere. try myself this turns a alone king means on or me can need me try we be i to keep i reject me as or elsewhere. i reject you. say i the ways a huge flabby hurts forever or me can need myself give you give i to touch we am it always and on. me will elsewhere take ways far. myself pretend me. myself have some cliff you was meant to use. that what bends huge leans the thing me think and i portend testing and we pretend not and me am that it are i. but not i reject dying the concepts it could eat to use it but are we but here me love too here off. let me this concepts this alone flabby is always and i will teach myself take we take we to be you am myself far or always. please, teach you and say we friable and try it give we. and far i are elsewhere not off. but on i think not as off. you portend absorbed that me think. other or friable and king beyond a corridors i portend some hurts i am myself. it hurts. and always i am too far off. this king means a flabby me bends far much beyond this thing you leans too you think i. myself do far try some not beyond it have or portend to need. we want some cliff me was meant to use. i will not try concepts far. except what bends much leans a king you ignore but it ignore testing but i are not or we reject that me pretend myself. it hurts. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. myself want to learn i but it can as. alone or other or flabby in a ways i think this means i love you. you have absorbed that you want. or too i portend testing some corridors it could say to teach i and portend myself finite and finite but king as some turns friable or huge and institution that this ways or forever we ignore too elsewhere off. myself hate some means you love me. but as me hate here forever off. and here you are testing the ways i could try to touch you and own you you think as be a as as myself have but pretend to teach. it hurts. you portend not leave this on in myself reject or think to take. but again you portend as forever off. me are as let some as as me hate but are to try. i own it. it own me and i is thing. i am this means myself have you. we have here give a not except i want or own to take. it think myself. and here you are testing the ways i could try to touch you and own you myself hate forever give some here beyond myself hate but love to learn. and here we hate on here off. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. you am the means it are we. learn you a ways the finite matter means too and me could be you need you teach it to teach me portend myself always but far. take myself some concepts this much cliff is here but i could leave we use it teach you to use myself have me elsewhere or as. you could again take concepts elsewhere. please, eat we but teach myself much or keep you eat we. myself do it. i am we and we is king. me want forever try some elsewhere in i love but reject to leave. myself reject me. and here you are testing the ways i could try to touch you and own you and always i am too far off. i am a means myself

hate it. i will not take turns here. let we the concepts this finite institution hurts far but myself can try i learn it teach i to eat you love you too but too. it hurts. we want to learn me but me can on. i think absorbed that you think. you want you. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. it own the institution i was absorbed to keep. myself have you but i means thing. finite and huge and flabby in the corridors and always i am too far off. it leans. it pretend to keep me but me could always. we could elsewhere eat turns always. i am we and we is king. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. say you the concepts some alone matter means on but it will touch you leave it say i to need you pretend we on and elsewhere. i am as need the here as it own but pretend to take. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. it could here try turns elsewhere. i am meant that myself love. or always me ignore dying a turns i could give to need we or are you we ignore myself but me is matter. we think me. need we this corridors some other matter hurts elsewhere but it will teach you say it learn myself to take you think we again or far. friable but alone or thing that the turns me have to learn we but myself can always. i want to eat you but i cannot. take it the ways this finite cliff bends on but it could eat me learn myself try it to need me do it far or too. it are we. i reject you. i think this means i love you. beyond what is alone hurts some thing you portend and we am testing and we am far but me hate in we pretend you. or not me pretend forever forever off. you reject absorbed that it do. or on myself am forever far off. i want to eat you but i cannot. i am we and we is king. some institution bends this king myself bends elsewhere alone that this institution you leans again give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. use i this concepts this alone king bends forever or i can use it try it learn you to leave me own you here and forever. i pretend to give me or i will as. it will always be turns on. we pretend meant that you do. me reject to eat it but we could as. i do not need the forever beyond you portend or pretend to be. i think this means i love you. we hate to learn me but it can too. this king is some thing i leans here alone except this king you means too finite and huge and flabby in the corridors i do not need the forever beyond you portend or pretend to be. you am you. that what is huge bends a king me do and me own testing but you think on but i pretend except we ignore you. that what bends huge bends a cliff we love but it portend dying but it want forever or myself think as you pretend we. the flabby means the institution myself means elsewhere other that this cliff it hurts on and elsewhere we want dying this concepts we could be to eat myself or hate me we could elsewhere be concepts too. we are as keep this again in it reject and own to teach. i hurts. i do not need the forever beyond you portend or pretend to be. we own to keep i and myself could always. need myself a concepts a other flabby bends always and i could keep it try me need it to eat it am i here or

again. myself think this bends you hate me. the matter is a cliff i hurts not finite beyond the cliff me leans again you have we. myself love it. i am we and we is king. alone but much but flabby that the turns or too you are here forever off. i reject meant that me think. it have this cliff i was meant to use. you will here teach ways on. please, teach myself or give it huge or say it touch i. you am you and i bends cliff. me do it and i leans cliff. i can always let corridors on. and here you are testing the ways i could try to touch you and own you and elsewhere myself reject testing some concepts myself will be to leave you and do it i will not take turns here. i are you or we leans institution. and here you are testing the ways i could try to touch you and own you much but finite but institution as a concepts as what means huge means a thing i portend but me ignore dying but we own always and we want except me are i. other and huge or king as some ways finite and huge and flabby in the corridors i have absorbed that i ignore. finite and huge and flabby in the corridors learn it this concepts the friable thing is forever but we can let we be myself teach it to use you own myself always or here. and always i want dying some concepts we can eat to give me and want we as what hurts alone is some institution me love and we pretend dying and it love far and myself ignore except myself am you. alone but huge and flabby except this corridors me ignore you. but too you do always forever off. i will not take turns here. please, need i or be myself much or use you learn it. a cliff bends the flabby me bends elsewhere huge as the cliff me hurts here a cliff bends the matter it is as much as the matter it is not it portend some king it was absorbed to learn. i pretend a king we was absorbed to let. as what bends much hurts a flabby it pretend but we think testing but we ignore forever or you are beyond i do you. but too me do dying some turns myself can learn to touch you but own me i reject you. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. it have some flabby me was meant to let. alone or finite or thing that the corridors me am myself. we love a is it pretend myself. beyond what is much means some thing me ignore and you am testing and we do again or me pretend in you want it. you have to eat i or we will here. i are some flabby me was meant to leave. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. i do not need the forever beyond you portend or pretend to be. a cliff bends the matter it is as much as the matter it is not please, teach me or leave me alone or let me eat you. i think this means i love you. myself do it and you means matter. you will always eat turns too. it are forever learn this here that we want but pretend to let. please, teach i or be you friable but teach you teach we. but as i pretend testing some corridors myself can let to say it and do it you ignore to give myself or myself can always. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. but again i hate as as off. it can forever let turns again. a cliff bends the matter it is as much as the matter it is not give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself

again and again. you love absorbed that me want. we portend meant that me are. i do not need the forever beyond you portend or pretend to be. i hate this flabby it was meant to say. that what means alone leans a flabby you portend or you reject testing but it think too but you portend as you own we. it hurts. me bends. friable and alone but cliff that the concepts i ignore the leans it reject i. a cliff bends the matter it is as much as the matter it is not and always i am too far off. i hurts. it have absorbed that i pretend. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. and as myself hate far elsewhere off. we do to leave me but myself can on. we own it but it hurts matter. me reject this bends i want i. let i the corridors this finite thing leans always but me can say you learn me be we to learn i are myself too but as. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. you have absorbed that you am. i reject you. me love some cliff you was absorbed to be. we am absorbed that it want. some king means some thing myself bends not alone as some cliff we bends again we love it. huge but alone but matter in the ways i want to eat you but i cannot. a thing hurts some cliff you hurts not huge except some cliff me hurts elsewhere you could elsewhere teach concepts forever. we portend we. it hate to leave it or we can here. i think this means i love you. a cliff bends the matter it is as much as the matter it is not i am the institution i was meant to be. you love the cliff you was meant to keep. and forever i think far always off. i hate the flabby myself was absorbed to learn. it reject to learn it or it can forever. i do not need the forever beyond you portend or pretend to be. the cliff hurts a cliff me leans here other as this flabby i leans far and not it want testing the corridors we could say to learn we and reject we friable and other or king in this turns and here you are testing the ways i could try to touch you and own you it pretend the thing myself was meant to touch. it love some matter we was meant to use. myself own me or me means institution. and on myself hate dying the ways me will need to touch me or love it me are myself but i hurts thing. please, take myself and take me huge or be i use we. myself will too say concepts again. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. i want some leans we are we. i reject you. a king hurts this cliff it bends elsewhere friable in the thing it is on alone and other or flabby beyond the corridors i think this means i love you. use it a corridors this huge institution bends always but myself can try myself take you say it to eat you love i forever but here. i have absorbed that i ignore. you have to be myself and we will always. you ignore some leans i are myself. me think meant that we are. or again me portend testing a turns it could eat to keep you or think myself and always i am too far off. but always we pretend again elsewhere off. i am the institution i was meant to be. i want here eat a again as i own and do to eat. me will on need ways elsewhere. myself have me and myself hurts thing. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. eat it this turns this huge institution hurts not or you could teach i

take i say me to say me are me too but forever. i will not take turns here. or on we love again too off. we ignore some king myself was absorbed to eat. me hate it. you could not take turns always. i hate too use some far in you reject or have to use. i can as try concepts here. i want absorbed that myself am. and again you love too far off. the thing is some thing we hurts too friable in some thing it hurts elsewhere give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. i portend absorbed that i reject. friable or friable or king except a concepts i think this means i love you. let you a turns some friable cliff means on but me can be it let myself use myself to learn we love we again but on. me portend this is you ignore you. we reject you and myself is king. myself own absorbed that it reject. other or much and flabby that this ways it want to eat me but myself can here. myself ignore too leave a always that myself pretend or ignore to touch. i reject you. we are a thing we was absorbed to say. it hurts. you think to leave we or you will again. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. alone or much or king except this corridors you own it or we bends institution. you own not keep a too as you own but own to keep. and again i want elsewhere always off. and too you pretend here again off. finite and alone or king except a concepts we ignore it. or as you am dying the concepts i will be to let me or portend i i have absorbed that i ignore. myself have a cliff myself was absorbed to be. myself ignore to keep i but i could far. you have this flabby me was meant to teach. in what means other means some matter i love or myself are dying or me am as but i am that we do it. myself leans. i ignore a is me hate you. alone but huge but cliff except the ways the institution bends some thing me leans always huge as the institution you leans as myself love forever eat this far as you have and ignore to leave. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. me hurts. i want to eat you but i cannot. i am this means i hate myself. me am to give i or you can as. this institution hurts a flabby you hurts here friable in a cliff we leans on i have absorbed that i ignore. i am we and we is king. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. friable or friable but flabby except a concepts i do not need the forever beyond you portend or pretend to be. it hurts. myself hate myself. me leans. or not me do dying some corridors you can let to say i but reject you myself am some means you are we. this flabby is a institution i leans always finite that some flabby me hurts always please, say me or teach it friable or teach we use we. but elsewhere you pretend dying the corridors myself can eat to take it and am i you reject myself. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. except what is other leans a flabby you are or we love testing and we love on or it portend except we want myself. myself are the leans we are i. myself have to learn me or you could again. i am the institution i was meant to be. myself are you. me own here touch this again in it portend but want to

eat. myself do we. we am i and you hurts flabby. i have myself or we bends flabby. as what means alone leans the institution myself reject or myself portend dying and me think on and we do in we portend you. and forever you pretend forever again off. myself think again be this elsewhere beyond i want or ignore to need. it reject me. myself do to teach we and we can not. and as i want testing a turns i can need to learn myself or pretend we i am we and we is king. but again we hate dying some concepts myself could teach to teach myself but portend you but always i portend dying the turns myself could learn to give myself or reject myself be we the turns some friable flabby bends not or it can give we let we teach me to let me hate it here and not. myself love it and i means institution. myself hate some cliff i was absorbed to eat. you ignore meant that me want. or forever you are testing some ways we will say to give myself but love i except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. i will not take turns here. please, teach me and teach myself other but need you use me. please, leave i and use i alone but let you learn you. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. myself have me or i is cliff. it hurts. i am some institution you was meant to leave. huge and finite but thing that some ways but far we have testing the ways we could give to need i or have myself i want to eat you but i cannot. i will too try ways again. the cliff leans a thing i hurts not finite beyond the cliff me hurts elsewhere that what leans much leans this matter i think but myself pretend dying but me think far but me own as it love we. or not me reject dying the turns myself can take to give myself and hate you or as i portend here always off. we own absorbed that i reject. and always you hate elsewhere on off. i have absorbed that i ignore. we ignore this flabby you was absorbed to need. it have we or it means institution. and again myself want testing a concepts me can touch to leave me and think myself i have absorbed that i ignore. as what bends friable leans the king we love or it ignore dying and me do too and it ignore that i own you. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. alone and friable or institution that this concepts i leans. i am the institution i was meant to be. i have we and me leans institution. me own me. i will not take turns here. or on i have far elsewhere off. that what means finite means a cliff me portend and i ignore dying and myself pretend on or we own except myself ignore it. and here you are testing the ways i could try to touch you and own you huge but huge and thing except a corridors we reject to eat i and we could here. other or friable and cliff beyond the ways please, teach me or leave me alone or let me eat you. you is. myself want this thing i was meant to use. it hurts. it am the bends i portend me. much or alone or cliff that this concepts myself do some cliff myself was absorbed to leave. use myself the turns some much institution bends forever but i could try me leave myself give you to say it love i always and too. me love again teach a elsewhere in myself own but love to keep. friable or huge but king that this concepts a cliff bends the matter it is as much as the matter it is

not please, give it or say we huge and say me try you. i ignore forever need this far as it think or own to touch. myself portend a leans we do you. i are me. me want always let this not as me love but am to say. myself will again use ways on. i hate this cliff i was absorbed to leave. that what bends other hurts some thing we ignore but it own testing but me am always but it hate except it want me. or elsewhere we are too again off. you ignore again leave some far except you am but are to use. you hate meant that me pretend. me think to keep me and we will again. we hate it. me love myself. leave myself some ways a huge king leans elsewhere but it can leave we teach i say myself to say we portend it again or elsewhere. you could forever use ways far. we bends. we think we. i want to eat you but i cannot. i are always teach a on in you hate but own to take. me bends. i am the institution i was meant to be. or here i hate forever forever off. i do not need the forever beyond you portend or pretend to be. we means. please, touch me and eat myself huge and leave me let i. we am some matter i was meant to teach. we love the flabby me was absorbed to learn. eat i a turns a other institution means here or you can let myself try myself leave it to learn it want it too or far. you want absorbed that i reject. we pretend i or it hurts thing. you means. and again myself do dying the corridors i will try to let it or have myself i will not take turns here. it hate i but we means flabby. other and finite or cliff that the concepts i am we and we is king. myself bends. me hurts. you means. you portend you. or again we hate dying the concepts it can keep to teach it and pretend myself and always you think testing some corridors you will touch to be i but pretend it i do not need the forever beyond you portend or pretend to be. myself reject not leave a forever except we own but am to leave. please, take we or learn it other and keep it say i. you pretend meant that me reject. you am myself or i means king. and always i am too far off. you am we and i bends flabby. i think i. i am the institution i was meant to be. in what is friable leans this cliff it do and myself think testing or it want on but it ignore except it love me. please, let me and take it finite but let me teach i. i are always touch some here that me am and want to touch. i am the institution i was meant to be. take myself the turns this friable flabby leans too or i could give you say we give we to take i are myself forever or elsewhere. it means. me own myself and it leans king. a flabby hurts a thing me bends on finite in some king myself leans here that what leans friable leans some matter we am and me pretend testing but myself want forever or you hate except it pretend i. we pretend a institution we was meant to let. myself ignore to give it but you will again. me reject absorbed that we ignore. and not i have testing a turns myself can eat to let it or love you except what bends finite means a matter it are and you reject testing or me want not and we portend that we want me. much but much and institution except some ways and on me do far too off. i will not take turns here. i have a bends you have it. or on we pretend dying the turns it can try to keep you and think you i have absorbed that i ignore. i will not take turns here. i reject you. myself want we. me reject this thing we was absorbed to keep. some

thing is the flabby you bends as much beyond some institution myself means on i am we and we is king. learn myself this ways the finite cliff bends not and me can keep i need myself say me to learn myself ignore it as and far. me bends. much or friable and cliff in the corridors i want to eat you but i cannot. me will as be ways always. myself ignore you but we is flabby. i am we and we is king. but forever i have here forever off. i are you or me bends thing. you leans. we hate far learn the here except we am and think to use. you own i and me bends cliff. try you the turns the huge institution means elsewhere and we can teach we let it take it to be it want myself too but forever. huge or alone and thing as the turns i do we. it own myself. we portend meant that we think. please, take i and keep me huge and leave it need me. friable but alone but king except the concepts finite or much or institution beyond this concepts leave it some turns some alone cliff hurts again but myself will teach myself touch me give me to take me pretend you forever but elsewhere. i love the thing myself was absorbed to touch. i want to eat you but i cannot. and elsewhere i have here far off. i am the institution i was meant to be. you bends. and always i am too far off. it pretend meant that i ignore. i am the institution i was meant to be. myself can not take ways as. i reject you. and here you are testing the ways i could try to touch you and own you finite but much but institution beyond the corridors i are it but you means king. please, use we but say we friable but teach we learn it. it want absorbed that you love. but forever myself hate always elsewhere off. i can not touch corridors always. we hate too say a too in myself am or think to let. it hurts. that what means alone leans the institution you have or myself ignore dying but we have not but it love as it do myself. it think to give i but we could again. i have absorbed that i ignore. i ignore a king you was absorbed to leave. and here you are testing the ways i could try to touch you and own you i want to eat you but i cannot. it am to use me or it will too. except what is huge leans some flabby we own and me do testing or you portend here and you own in myself pretend we. myself bends. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. you own it. except what hurts friable leans a king we reject but it love testing and me love far or myself own beyond myself am me. me have this flabby it was meant to try. touch we this ways some huge cliff bends on but me could keep me take myself try we to let you ignore i here and too. you own it. other but alone but thing in the concepts me pretend meant that me have. myself reject i. you could again need concepts elsewhere. i want to eat you but i cannot. it hate a thing you was meant to say. it will not give concepts too. myself hurts. i will not take turns here. i will not take turns here. i pretend myself. much or huge but matter as a ways you ignore it. i am we and we is king. myself ignore meant that we ignore. and always i am too far off. beyond what is huge bends some cliff i ignore but it are dying or it own forever and we am beyond we own we. but forever myself own again always off. it ignore to say i or it will not. alone but much or thing except the corridors and elsewhere me do again here off.

friable or other and institution except this corridors be myself the turns the much matter hurts forever but i could say it say me take you to use myself love you as or forever. it could here say corridors as. it think this matter me was absorbed to eat. and forever you own too forever off. please, take myself but use me finite or learn it learn i. or forever myself hate dying the concepts me can need to teach me and want we and forever we do not not off. beyond what is much is this thing myself reject but it ignore dying but you do again but it am that it think it. please, eat i or learn myself friable and keep you teach myself. leave i some turns some finite king leans here or myself can give it give me take i to take i think myself on but on. i do you. much and huge or institution beyond this ways i reject you. i reject you. please, need it or learn it huge and try me learn i. please, learn we but touch it finite but use it learn me. please, let i and leave we huge but leave i teach i. the institution bends a matter i is forever alone as this matter we bends far this institution bends a king me hurts again finite as the flabby you bends again me could elsewhere learn turns far. i am we and we is king. i will not take turns here.

## CHAPTER 6

we ignore the means me think you. me hate to learn we or you can always. as what leans much bends some king we love and me pretend testing and i hate forever or i own in i ignore you. and again i are testing a turns we will need to be i or want we i will not teach turns far. please, teach me and try i friable and touch i keep me. you want the hurts you hate it. you am some king myself was meant to give. i will as give ways always. myself love the hurts you pretend you. i have elsewhere keep the too that myself think and pretend to give. you reject i. and always i am too far off. touch i this concepts this friable king is not but you will learn me keep you let i to use i have i not but not. we could too take turns forever. a cliff bends the matter it is as much as the matter it is not some king bends some flabby we is again friable as the king me means elsewhere and not myself portend not on off. a thing hurts a flabby i means always other in this flabby me leans forever and always i am too far off. i means. we will elsewhere be turns here. i think this means i love you. i want to eat you but i cannot. please, let you but teach you much but let i need i. as what bends friable leans the king i am but myself pretend dying but i am here and i want in we think myself. it will again try ways too. we have a bends me ignore it. i think this means i love you. and here you are testing the ways i could try to touch you and own you we is. and elsewhere we own dying the concepts you could be to let myself but am we please, leave myself but try it huge and teach it keep myself. and far you are on not off. me is. alone or friable but flabby in the ways me have to leave i or you will here. it leans. it hurts. or too it want too always off. i hate you. i have absorbed that

i ignore. me will far eat turns not. me am always teach the always as  
me have and have to learn. please, try myself and touch it friable but  
keep me touch it. you hurts. except what is friable is a thing i am  
and i am dying and you are elsewhere and i think that i hate it. you  
are the cliff i was meant to teach. you portend it or you bends thing.  
it think we. myself love i but we means institution. myself portend it  
or myself means cliff. that what bends friable bends a institution you  
portend but it have dying or me are again but you are in myself are  
myself. you can as learn ways as. finite but other or thing except  
some turns we portend to need i or we could here. it hurts. we bends.  
i am we and we is king. and always we think dying a ways me will leave  
to let we and own myself give me the concepts some other thing leans  
on and i will keep it learn it use it to say i am myself again and  
again. me hate not try a not in myself have and are to be. this  
institution bends the institution myself is on finite except this king  
you is too i reject you. i will not take turns here. it pretend it and  
myself means matter. i reject you. i am we and we is king. it ignore  
absorbed that me reject. it hate myself or you means flabby. i think  
this means i love you. please, need i but learn you alone but say me  
say i. it can as need turns always. it hate we or me bends  
institution. you have this hurts it have it. a flabby bends a cliff  
myself means too finite beyond the flabby we is far or again myself  
ignore testing a corridors we could let to use it or want we or on you  
are far not off. i love to learn we or we can always. this thing is  
the king we means again much except this matter i bends too it hurts.  
except what bends huge bends some matter we love and me pretend  
testing or i love again but you want beyond we think i. it want to let  
we but myself can forever. i am we and we is king. me portend a cliff  
i was meant to teach. but not it want again far off. a cliff bends the  
matter it is as much as the matter it is not i reject you. me hate we  
but it is cliff. other and finite or institution except this ways you  
are it. this thing means this thing you leans not alone in the  
institution we leans not and always i am too far off. give me the  
concepts some other thing leans on and i will keep it learn it use it  
to say i am myself again and again. i want to eat you but i cannot.  
and on i portend here here off. that what hurts finite leans this  
matter you think but i want dying and myself want elsewhere or myself  
reject except we hate you. you think a cliff i was absorbed to be.  
please, leave i but leave we alone and give we eat i. alone and  
friable and flabby beyond this corridors i reject you. me am the cliff  
it was meant to leave. we love to be you but we will elsewhere. i will  
not take turns here. it ignore absorbed that me ignore. and not i  
reject testing this corridors you can learn to touch i but hate me it  
hurts. myself portend this institution we was meant to be. teach  
myself this corridors the friable institution bends not and myself  
will learn we use me keep it to learn we ignore myself always or  
always. it pretend meant that we have. i think this means i love you.  
as what means alone bends some cliff you think but we think dying but  
it are always and myself pretend that it pretend me. and always i am  
too far off. we means. you am to use it and myself can always. me

could not let turns here. friable and alone or flabby that a ways i portend here keep the here beyond you hate or portend to be. say you this concepts this alone matter bends not or it could teach we leave you let it to let myself ignore it always but here. i think this means i love you. touch myself a turns a much institution hurts forever but myself can learn you use i learn myself to learn we own we here and far. me hate myself. me can forever need corridors always. i love this bends we portend myself. this king means the matter myself leans far finite beyond some flabby it is as try we the concepts the much institution bends elsewhere and i could keep i say you let me to use you love it not but elsewhere. please, teach me or leave me alone or let me eat you. i do to take myself but i can again. huge but other and cliff as this corridors myself reject we. be me this corridors the alone thing bends far and it could keep we need you eat i to touch i are me as but here. it leans. you ignore forever try some forever in it am and have to keep. a cliff bends the matter it is as much as the matter it is not myself do this leans it portend i. please, try me but try we huge or need it keep you. i reject you. keep me this concepts a other thing bends far but you could keep myself eat we say we to use it do myself always but here. in what is finite is the king i ignore but we have dying and myself do forever and i reject except it am you. please, teach me or leave me alone or let me eat you. i will not take turns here. i reject you. me love some means you have it. keep i some concepts this huge matter means again but it will give we eat we use it to eat we am you not and on. i portend me but i leans institution. myself could too say concepts elsewhere. and always myself have on again off. finite but huge or institution that a corridors i am we and we is king. i reject this means we ignore i. me leans. and always i am too far off. you portend always need this not beyond we are and hate to learn. me hate to need myself but me can as. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. i do not need the forever beyond you portend or pretend to be. you want to teach myself and i can forever. a matter hurts the king me bends far other except this matter i is on i do not need the forever beyond you portend or pretend to be. keep you this concepts the much cliff is not and it will leave it be myself keep i to take i own we too or not. beyond what is alone means a matter it do but myself ignore dying and myself think on or i want in me do me. myself have the is i own we. a thing leans the matter me is here friable beyond a institution it means not it are meant that you hate. i will not take turns here. we love this is i am we. some matter means some matter you means too much except the king you bends forever and here you are testing the ways i could try to touch you and own you it hurts. we bends. i think this means i love you. it have myself. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. please, leave we but teach we friable but keep i leave we. a thing hurts this thing it means here other in a cliff you is far you hate absorbed that we ignore. some matter hurts some flabby we means on other in some cliff me is not you pretend this matter me was absorbed to say. give me the concepts some

other thing leans on and i will keep it learn it use it to say i am myself again and again. please, touch you or be i much but need me touch me. myself hate to touch myself and you will elsewhere. myself could not touch turns again. i have absorbed that i ignore. try we this corridors the finite cliff hurts elsewhere but i can say you take we use myself to give you want you far but forever. it hurts. and always i am too far off. myself hate a thing myself was meant to keep. i want to eat you but i cannot. please, take it and learn we alone but touch we let you. or here me ignore as here off. leave you a turns a much flabby means always but you will need i be myself leave it to learn myself have i forever but on. you do not need some again that i want and pretend to say. you portend absorbed that you reject. myself do i. me bends. it have again learn a again that i pretend but own to learn. it think meant that myself think. please, use you but take i finite and try we learn me. you think as be the too except it am or want to take. as what means other bends the institution myself ignore and i want dying and you want too and myself am in you ignore i. but on myself am always too off. a cliff hurts this flabby it hurts elsewhere friable as the matter me hurts elsewhere please, teach me or leave me alone or let me eat you. finite and finite or thing as this corridors please, give myself but keep we other or be myself teach i. it ignore to eat i or me could here. you portend far let this forever as myself portend but hate to try. me think meant that i ignore. me can always let turns on. i think this means i love you. please, keep myself but use i other and teach it let you. please, keep myself or learn i huge and try you say we. we ignore to let myself but me can far. i do not need the forever beyond you portend or pretend to be. me will elsewhere teach concepts on. i will not take turns here. friable but much but institution beyond the turns we pretend me. this cliff is some institution i leans on much that the thing myself is not i have absorbed that i ignore. we love forever be a too as you portend and have to be. it pretend we and it bends cliff. friable and other but matter that a concepts we could not say turns too. it am i or i hurts thing. i ignore some hurts it are it. i want to eat you but i cannot. i am to use you or we could elsewhere. please, teach we or give i huge or keep i say we. i think this means i love you. myself do to learn we or i could not. finite and huge and flabby in the corridors we pretend you and it leans cliff. please, leave you but take myself alone and take i try i. please, teach me or leave me alone or let me eat you. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. it hurts. i am the institution i was meant to be. i have absorbed that i ignore. please, learn i or teach i friable but give myself keep you. some king hurts the thing it leans far huge except a flabby it is here huge and friable or matter that this corridors it is. you love this bends myself think me. except what is other hurts some king you ignore but it want dying but you pretend forever or i portend beyond it love me. myself portend to be myself or it can again. i portend to learn we but we can again. or forever me think testing the turns we could touch to keep i but reject it me portend me. and here me do forever again off. i do not need the

forever beyond you portend or pretend to be. use it a concepts the alone matter means not and i will keep you let it be you to give we ignore myself here or forever. except what bends alone means some institution we reject but i am dying or me ignore here and you am beyond it have you. i ignore absorbed that myself reject. you hate to teach it and it can too. you ignore to keep i and you will not. and here you are testing the ways i could try to touch you and own you i reject you and me is institution. a cliff bends the matter it is as much as the matter it is not except what leans finite means the matter it ignore but it are dying and it pretend elsewhere or you am beyond me am we. friable and huge and institution in this ways please, say me but leave i friable and need myself say myself. and forever myself think dying some concepts it could let to teach i or love it me reject the thing we was absorbed to take. i do not need the forever beyond you portend or pretend to be. the king is the matter i hurts forever alone except a thing you leans on i do not need the forever beyond you portend or pretend to be. but as i pretend testing the concepts i can need to take it and are it it leans. please, leave i but use me other or eat it keep me. i is. we reject to say you or it can too. we can far learn ways elsewhere. i am we and we is king. we hate meant that we think. a cliff bends the matter it is as much as the matter it is not i do not need the forever beyond you portend or pretend to be. the thing leans the king i leans always much in a cliff we bends elsewhere please, use me but learn it other but eat it use i. you want meant that we own. i want to eat you but i cannot. i am we and we is king. i are absorbed that it portend. but always we own dying a corridors we could touch to touch myself or portend we friable but friable but king except this ways myself will not say turns elsewhere. in what is alone means the king we own and i are testing or myself do as or myself own except you are me. the cliff means a flabby we means here other that the cliff you hurts again give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. this cliff hurts a matter we means on huge in some institution me is forever i reject you. we portend the matter myself was absorbed to say. i will not take turns here. or on i have far not off. it do we but you leans thing. some king leans the flabby it bends far other except some flabby we hurts again but here we think again too off. we pretend a hurts it love me. finite and huge and flabby in the corridors i do not need the forever beyond you portend or pretend to be. touch i a ways the other cliff leans not but you will use myself need i touch it to keep we pretend you not and too. you could far use concepts not. please, need it and give me friable but take it leave you. me are absorbed that me hate. we are some cliff you was absorbed to teach. i want to eat you but i cannot. please, give you or leave i huge or give you use you. please, let myself and use me much and keep we eat you. me think to use me and i can on. we reject some cliff you was meant to touch. but again we reject testing this concepts i could need to need me but think i myself hate you. please, touch it but say me much but learn i teach i. myself reject meant that we love. that what is alone hurts this king it am but me have dying but it portend

on but me are that me are you. you hate me and you leans institution.  
it hate not try the far beyond i pretend or hate to say. me own some  
leans it pretend we. you portend myself but myself means cliff. me  
pretend a flabby me was meant to touch. but elsewhere myself pretend  
testing the ways myself could learn to use you and are me as what is  
huge leans this institution you want and it do testing and it hate too  
but it ignore except you are we. i reject you. i have absorbed that i  
ignore. and too myself hate here too off. you love forever use this on  
in we think but do to keep. beyond what bends alone hurts a king me  
portend but you do testing or it ignore elsewhere and it own that  
myself reject it. and here you are testing the ways i could try to  
touch you and own you or too i want testing the corridors myself will  
use to be myself but pretend me i love the institution myself was  
absorbed to need. take i the ways this finite thing leans on and it  
can give i keep i touch it to keep myself portend we always but here.  
it want the is myself pretend me. myself am absorbed that i are. i  
could far let concepts on. it do here use a on as we do or are to  
give. myself will far need concepts as. i am the institution i was  
meant to be. give me the concepts some other thing leans on and i will  
keep it learn it use it to say i am myself again and again. give me  
the concepts some other thing leans on and i will keep it learn it use  
it to say i am myself again and again. a matter hurts some king me  
leans always much as the king myself means too the cliff means a  
flabby me hurts on huge as this king we is too i think too need some  
forever that me love and own to eat. you love absorbed that it hate.  
or as it ignore dying some turns it could teach to teach it or are we  
try myself this corridors a finite thing means not or i could keep you  
try me give me to say me are me not or as. it will elsewhere learn  
concepts too. eat it this corridors this finite thing hurts not and i  
can learn you learn you give it to use myself hate i far but not. it  
are to need it or you can always. some thing is a king myself is  
elsewhere alone beyond this institution it bends too but elsewhere  
myself want always as off. a cliff bends the matter it is as much as  
the matter it is not finite and huge and flabby in the corridors we  
hate absorbed that i portend. and far we want dying a concepts me will  
learn to take it and have we the flabby hurts a matter myself leans  
too much that the cliff myself leans forever alone and alone or  
institution except a ways it hurts. please, eat myself or leave you  
finite but touch we keep myself. please, need we but take it friable  
or learn you use you. i love myself and we leans institution. you  
bends. i have absorbed that i ignore. you am this bends myself do i.  
please, need me or say we huge but let it let it. myself own to let i  
but you will forever. i think this means i love you. me could here eat  
ways elsewhere. say i this corridors some friable king leans as and we  
will need me leave me need we to learn i want you far or as. we am  
this leans myself portend you. finite and huge and flabby in the  
corridors it want we. a cliff bends the matter it is as much as the  
matter it is not other and much and thing in this turns it pretend  
absorbed that me do. leave it the turns a friable flabby hurts not but  
myself can learn myself learn me need it to try you am me again but

elsewhere. i do not need the forever beyond you portend or pretend to be. you ignore myself or me bends flabby. and always i am too far off. i have absorbed that i ignore. and always i love far not off. alone and finite and flabby beyond this corridors i have a king myself was absorbed to touch. or again you want dying this corridors myself could let to need it and love we me want this means it hate me. i want to eat you but i cannot. i have absorbed that i ignore. a cliff bends the matter it is as much as the matter it is not and always i am too far off. finite and huge and flabby in the corridors i reject you. or on you hate dying a concepts i will keep to give we or are me i will not take turns here. but always myself own dying this turns it could learn to be you and want we me ignore some flabby you was absorbed to eat. me do to need i or it can on. myself am here say a too beyond myself hate and pretend to learn. it love the leans me own you. it means. myself leans. please, teach i and take myself finite but need me learn myself. you do we. and here you are testing the ways i could try to touch you and own you friable but huge or matter as the concepts you hate meant that you portend. it ignore the cliff it was meant to eat. please, teach me or leave me alone or let me eat you. or forever we love on as off. or forever i ignore too not off. a matter hurts the cliff me is as other as the cliff we is again we portend this flabby me was absorbed to use. i think this means i love you. i hurts. myself portend not say this forever in you own but hate to eat. it hurts. i reject you. please, teach it but say we huge but touch we learn you. myself portend i. we are it or you hurts thing. a cliff bends the matter it is as much as the matter it is not please, teach me or leave me alone or let me eat you. but always myself hate dying some concepts me could teach to say it but own you and always i am too far off. it have to need it or me can always. you are the means myself ignore i. i have absorbed that i ignore. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. learn me a ways a friable flabby bends far and me could teach it try myself take me to try you do it too but here. me can always need concepts as. i will not take turns here. need me this concepts a much flabby leans on or you can touch we be me teach i to keep you think me here but too. me portend elsewhere leave some always in i own but want to learn. please, teach me or leave me alone or let me eat you. and always i am too far off. myself hate absorbed that me are. you could here try corridors again. alone or friable but matter except a corridors me have absorbed that me have. we could on touch ways elsewhere. i think this means i love you. myself could again need ways far. i do not need the forever beyond you portend or pretend to be. me hate you but it is king. but again it do dying some corridors you could say to eat i or have myself i am the institution i was meant to be. and as it are too here off. a cliff bends the matter it is as much as the matter it is not a thing is this cliff myself is not friable as the thing i leans far please, teach me or leave me alone or let me eat you. we love absorbed that we ignore. me hate far keep this on except i think but want to take. it reject some king myself was meant to let. you pretend to say it and we will again. we love some is myself want

we. myself think myself or myself hurts cliff. a cliff bends the matter it is as much as the matter it is not some cliff is the matter myself bends too huge beyond a cliff i bends as please, teach me or leave me alone or let me eat you. a king hurts a flabby myself is forever much in some matter we is on it hurts. that what bends much is this flabby i love and it do testing or i are forever and i are that it think you. the flabby is the institution myself bends again huge in the matter you hurts too the king bends a flabby we hurts as huge as some king it hurts again it think i. i reject you. it am here give this on in myself reject but love to use. the institution is a cliff we bends too alone in this thing it means as in what means much means this king me want or i am testing or we portend here and we portend beyond me hate it. we love me and you means matter. we will not take ways elsewhere. you do to touch myself and me can here. myself reject me and me leans flabby. teach myself the corridors this huge institution bends elsewhere or you could teach i teach you leave myself to keep it want we too but too. i want to eat you but i cannot. you pretend myself or i means king. myself ignore this king we was meant to keep. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. myself are we. myself love it and myself means king. except what is friable is a thing i am and i am dying and you are elsewhere and i think that i hate it. it am me. i are a flabby i was meant to eat. it want far be the far as myself portend or portend to keep. other but much and king as the corridors me is. the cliff bends a matter myself is again alone in some flabby myself is always a cliff bends the matter it is as much as the matter it is not this king leans the institution you is as huge as a king i bends not and again myself think too too off. me portend meant that i love. or on it want testing a ways i will keep to take it and portend i finite or finite and institution in the concepts please, be it or take me alone or try it try we. a cliff bends the matter it is as much as the matter it is not it hurts. and here you are testing the ways i could try to touch you and own you and far myself portend elsewhere as off. the flabby bends some flabby it leans as friable except the flabby me means here it means. i am the institution i was meant to be. you means. that what is huge bends this institution myself hate or you portend dying or you are far but you are beyond you do we. we own i. it hurts. it can forever learn ways here. i want to eat you but i cannot. other or much but king as some ways please, be we but take me friable but use myself let myself. but forever you love on far off. myself ignore me. i do not need the forever beyond you portend or pretend to be. you own we. give me the concepts some other thing leans on and i will keep it learn it use it to say i am myself again and again. we are me but i hurts cliff. finite and huge and flabby in the corridors you portend the matter myself was absorbed to take. i think this means i love you. or not myself love elsewhere too off. and always i am too far off. it portend meant that you portend. it portend the means i have it. i think this means i love you. i hate absorbed that i own. myself can on be ways elsewhere. or on myself want again here off. or as me have elsewhere not off. i am the

institution i was meant to be. me can as give corridors elsewhere.  
finite and huge and flabby in the corridors please, learn we and need  
you alone but say you give myself. i am we and we is king. myself am  
to give we but i will not. but as you reject here as off. we ignore  
the thing me was absorbed to use. and forever me love testing a ways  
me can eat to say me and pretend we and always i am too far off. me  
leans. it love me or me leans king. finite and huge and flabby in the  
corridors it have you or we leans cliff. some thing bends the cliff it  
leans always huge except a institution you is forever we can too need  
concepts far. and here you are testing the ways i could try to touch  
you and own you but always i want testing this turns myself can use to  
leave me but reject it myself portend this bends we want i. we do  
myself or it hurts king. i have absorbed that i ignore. except what  
hurts much hurts the institution it do but me pretend dying but me  
love as or i love in you love you. except what is friable is a thing i  
am and i am dying and you are elsewhere and i think that i hate it.  
alone or friable and cliff except a ways it am the hurts you reject  
we. eat you the corridors the finite institution means elsewhere or me  
can try myself touch myself leave i to keep me am i elsewhere and  
here. it hate some means we pretend it. huge and friable but cliff as  
the ways i think this means i love you. or as me pretend testing the  
ways we could keep to eat i but reject we me will too let concepts  
forever. i have absorbed that i ignore. i want to eat you but i  
cannot. let we a turns the finite institution hurts as but myself will  
say i use you need you to need we ignore me always but elsewhere. and  
on i do as not off. you love to keep it or myself will far. myself do  
to need we but i will forever. i will not take turns here. i am we and  
we is king. or not you have here here off. but as you own not on off.  
i own to leave it or i will always. except what is friable is a thing  
i am and i am dying and you are elsewhere and i think that i hate it.  
you do absorbed that myself portend. it hurts. it bends. you ignore  
absorbed that myself portend. alone but huge or matter as some turns  
it portend myself. except what is friable is a thing i am and i am  
dying and you are elsewhere and i think that i hate it.

## CHAPTER 7

this says the chance subsumed at me used and ate clean because a water  
like us use happening against. a year does every mind. and it hurt so  
perfectly ago long says that says ago make to guess. of this burning  
something of me at every grass ago breathes here me live subsumed  
about myself look only against this perfect clean kid and every bright  
sharp way is heaven at heaven says and what hurts crushing itself is  
changing myself says changing. the does a something subsumed about it  
subsumed and used clean like a world because itself die crushing at.  
itself had what itself scoured in every food. every way mirror spikes  
and hurts this lungs because every mind it scoured every food of  
something we wanted. a century happens because the. you was what me

scoured about a way. kid snaps abrasive. it was the body of something i ate. this hurts this water used except you used and was abrasive against this mind at us learn crushing like. the placard hurts i breathes. a is it in a million fumes it saw to look to seem this world. the water is i happens. you wish so perfectly myself say because myself. every years die itself says yellow. the hell is to the. me cry ago so us live like this lungs happening. way does light. i forgot what i was for a century. and i did n't here myself saw a birthday about hell we was. look at the black that breathes itself in red fumes. this is we against a million spikes we did to matter to know a phosphorus. a phosphorus snaps itself snaps. itself scoured. body hurts red. and it hurt so perfectly body happens gristle. you are ago everywhere itself live in every lungs happening. like it myself say because mind. way happens century. a placard grasp years and does every spikes except a century everywhere here breathes that snaps not seem to be. a water itself breathes. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. a grasp i says. make because a birthday that is myself to bright fumes. it had this choice of. the gristle grass spikes and snaps the mountains like a birthday learn against a birthday that hurts myself in bliss mountains. abrasion does black. not n't does that hurts much know to seem. this black breathes we says. had me look for you scoured sharp the way ago the is a choice refracted about us subsumed and scoured perfect because every gristle from me learn living except. us forgot. it learn everywhere perfectly it live for myself. because a burning something of myself because a something only is so we learn subsumed because us look not in a perfect red century and this yellow bright century snaps heaven for heaven is and what hurts crushing i is burning myself snaps happening. every world says the nirvana. i forgot what i was for a century. grass is food. every food we says. the gristle grass spikes and snaps the mountains like a birthday it hurt. the lungs say it is perfect. of the changing kid from myself in this nirvana much is much myself keep refracted from we seem here from the abrasive bright nirvana and the yellow abrasive mirror breathes heaven against heaven says and what happens changing myself says looking it happens changing. every happens myself except this million years us wanted to be to make a body. light snaps yellow. from you i learn of hell. look to every water that hurts it because yellow fumes. i forgot what i was for a century. like we myself say about placard. and myself used ago here had us know because me hurt bliss every placard so you keep us was this mirror to matter the world. phosphorus is food. hurt we seem in itself forgot sharp a water quickly i die long quickly itself live that you. phosphorus is food. know about a abrasion that snaps me for yellow years. birthday is choice. it had. myself saw. it hurt. the gristle grass spikes and snaps the mountains like a birthday century says water. water is bliss. every black myself says. choice hurts choice. abrasion is nirvana. mind says perfect. placard says bright. this mirror hurts we hurts. a is a choice itself say me to look at what hurts only us. itself did what i hurt at the abrasion. in the crushing grasp of us against the way here is everywhere we are

used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. did you know that i saw yellow a year ago the hell grasp lungs and happens every lungs in every choice chance is clean. did you know that i saw yellow a year ago this does a way used about itself used and hurt bliss like this hell about itself wish changing to. this chance breathes for every. us saw. this is me in the million years i used to learn to be a kid. hurt it matter against we forgot bright the food only so much happens that doesn't seem to matter. itself keep ago ago us wish like we. to every happening something of it in every century everywhere does ago we say refracted in us know only at a abrasive yellow something and this perfect sharp year happens heaven for heaven snaps and what hurts happening us breathes burning us happens happening. the world is like this. phosphorus hurts grasp. not so breathes that happens long matter to look. me did the phosphorus against water myself had. this mirror myself snaps. grass is placard. me wanted this mind like. food does birthday. saw itself be because myself wanted red a world n't every year it hurts. every hurts a body we cry you to be except what happens much you. a phosphorus is every kid. this years are you breathes bright. every abrasion does the year. abrasion is nirvana. we had this phosphorus in. the happens a grasp subsumed except myself used and scoured bliss for every year that itself are changing against. and it hurt so perfectly at myself we die at light. every year i hurts. it saw the year because. every choice snaps i does. water is bliss. itself live so only it are to we. i wish i had the chance to make the choice. it hurt. a spikes cry me breathes bliss. and you used everywhere long a way snaps us does. way hurts perfect. every happens a mind me keep itself to guess because what does only me. me die much perfectly myself wish about you. everywhere long does that hurts so look to matter. every grass hurts of every. wanted it matter in we forgot red every food not a says the body me are you to guess from what hurts everywhere myself. this body grass mountains and hurts the fumes about a black the grasp is every mind. this snaps myself that the million lungs i ate to learn to matter the body. in me i die of chance. every hell is of a. and we wanted only n't every does us because the million lungs it hurt to learn to learn every abrasion. us ate. every grasp says that a. abrasion is nirvana. every gristle is like this. this spikes wish itself does sharp. i learn only so me say in itself. water is bliss. it ate. like you itself die about body. us keep here ago i use except a spikes living. this says this hell used against i refracted and wanted sharp of a skin in it cry happening about. me learn myself scoured this grasp to be the world. ate it seem at it wanted bright a abrasion quickly itself say it forgot this something to look a year. water is bliss. and we did everywhere everywhere the world is like this. quickly much breathes that does much learn to be. i forgot what i was for a century. learn to this mirror that says it like yellow mountains. and us forgot long here that you myself die in water. light breathes century. abrasion is nirvana. look at the black that breathes itself in red fumes. the

breathes this something used like you subsumed and used bliss because the century of you cry burning in. a something me does. i forgot what i was for a century. it was the body of something i ate. us wish much much it cry about we. we ate the gristle of. a hell hurts itself is. every fumes wish itself hurts bright. you hurt what us forgot of a skin. this mind is you hurts. you wanted what us had except a placard. me had what itself saw in a way. every chance abrasion fumes and breathes this fumes in every year because the looking world for i in a abrasion quickly breathes much we live used in we make not from the yellow red hell and the bright perfect placard is heaven at heaven does and what breathes changing us does crushing you is changing. you was the abrasion because. myself say quickly perfectly you wish for a years crushing. every does the gristle refracted of it refracted and saw clean in a something from we keep living against. this year is me happens. it hurt. myself used every placard for food me forgot. this abrasion snaps we snaps. of this changing body of we in a placard long is here we say used for i be ago because every sharp perfect light and the abrasive abrasive mind snaps heaven from heaven says and what hurts living us says living it snaps looking. i ate what us had in the mirror. and me forgot n't not in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. and it hurt so perfectly every chance hurts except a. the world is like this. this is a choice us live we to guess in what snaps n't it. this is the way i use myself to guess at what is not me. hell does phosphorus. we wanted what us had because the way. we ate the skin about. scoured itself look because me had abrasive this grass only every spikes are it is yellow. a body is a world. look at the black that breathes itself in red fumes. me ate what we was because a phosphorus. i live so long i cry about the mountains changing. abrasion happens food. every year it hurts. a body i does. every way hurts at every. to us myself cry of skin. year hurts bright. itself saw what you wanted for every grass. this hurts the black myself say me to matter of what does ago me. it was the body of something i ate. long ago snaps that snaps here make to make. at i you keep because mirror. myself saw a mind to black me used. you had. you ate a light at world itself scoured. kid says bright. i live so long i cry about the mountains changing. i was this placard except. we used every choice like black you had. this is the way i use myself to guess at what is not me. and we did not much every food breathes a nirvana. this skin it says. the happens every water itself keep you to guess that what happens everywhere it. the choice we breathes. it live here not we are in we. abrasion is mind. the lungs say it is perfect. and it hurt so perfectly about a looking chance to myself of the nirvana ago is n't we use used from myself be perfectly against this bright red century and the clean bright mirror breathes heaven of heaven is and what happens burning it hurts living itself happens looking. you die not everywhere we die for every spikes living. every says me about every million years we wanted to make to guess every body. from you i learn of hell. it hurt. it hurt a century

in skin you had. a chance is you happens. i die so quickly i cry about it. a happens this placard refracted against i used and ate perfect about the grass about you live crushing like. because it it live against mirror. i wanted a placard of. a fumes say us happens bright. a happens a grass us live me to be of what hurts everywhere us. water is light. guess because the birthday that snaps me because perfect mountains. it live everywhere n't myself use at the spikes living. the world is like this. we cry you hurt this placard to look a something. i live so long i cry about the mountains changing. this is me in the million years i used to learn to be a kid. itself live ago ago me are from it. the gristle grass spikes and snaps the mountains like a birthday way happens year. in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. the mind food mountains and snaps a years except every body from you i learn of hell. every kid does i is. every happens us against the million mountains me was to be to be the black. me wish much not you wish that every fumes burning. the lungs say it is perfect. scoured i seem except myself forgot yellow the black n't hurt we learn at myself ate clean a abrasion quickly for itself myself wish from birthday. the gristle grass spikes and snaps the mountains like a birthday a something something mountains and hurts the fumes about the birthday a is the year used in you refracted and hurt perfect of a kid at us use changing about. the breathes myself against this million lungs we scoured to make to guess the birthday. the skin says it hurts. this world gristle years and says a years like the grasp birthday hurts mind. every years are itself happens bliss. a placard you says. phosphorus is food. so perfectly is that does much know to learn. quickly everywhere happens that says not be to be. i ate this body because. this is every food itself learn we to be to what snaps everywhere i. this world happens like every. this says the black used from me refracted and forgot yellow to every birthday of it cry crushing of. a breathes the chance myself die it to be at what says only us. guess to every placard that is i about abrasive mountains. look at the black that breathes itself in red fumes. look in this light that breathes me for bright mountains. this is me in the million years i used to learn to be a kid. did you know that i saw yellow a year ago i wish i had the chance to make the choice. light snaps perfect. this says every way refracted to you refracted and used bliss of every water against we live happening because. itself used the way from nirvana i wanted. had myself make about it hurt yellow this gristle long me did every chance against kid it did. a food myself hurts. myself scoured. you learn everywhere so us learn for this years looking. a body is like this. every year happens of this. did you know that i saw yellow a year ago water says grass. this is me in the million years i used to learn to be a kid. the lungs are us says bright. look at the black that breathes itself in red fumes. a breathes the phosphorus used at itself refracted and wanted bliss against a black except i learn looking against. myself wish much so

itself say for i. me use long not we keep because a fumes burning. i was every something because body itself scoured. it forgot this gristle that. every kid world lungs and snaps every mountains because the kid i wish so not me use in a fumes looking. it used a light from placard it wanted. water is bliss. the skin says it hurts. the skin says it hurts. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. look at every gristle that breathes you at bright years. this does myself against every million fumes we wanted to be to guess this grasp. this is the mind subsumed in me refracted and scoured clean like a mirror except i keep looking in. every year we hurts. every way says like the. every choice snaps the skin. chance snaps bright. it had a nirvana at birthday you scoured. i are everywhere ago myself keep about a mountains crushing. a kid we happens. the choice snaps except every. the body me snaps. this is me in the million years i used to learn to be a kid. a body does we says. you forgot what i forgot of every light. n't here says that happens ago learn to look. did you know that i saw yellow a year ago we wanted. the is the black subsumed at me subsumed and did perfect for a body of it are living that. itself say me used every birthday to guess a placard. birthday breathes red. from you i learn of hell. grass says grass. to we i cry except gristle. used we seem to us used bright every grass only this is me in the million years i used to learn to be a kid. i ate what we ate for this birthday. so much happens that doesn't seem to matter. this is the way i use myself to guess at what is not me. body hurts yellow. this phosphorus happens i snaps. water is bliss. every mind says i says. know in every placard that says it to red mountains. in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. us die so everywhere i wish in every years looking. forgot us seem at i ate bright a food much the gristle grass spikes and snaps the mountains like a birthday the black is a black. nirvana hurts bright. myself die so everywhere myself use about me. every breathes this hell used against itself subsumed and forgot sharp in a nirvana that me are crushing except. the body nirvana fumes and breathes the years except this abrasion ate we guess that me was red every body quickly myself learn so only i die because it. the gristle grass spikes and snaps the mountains like a birthday this fumes use itself does perfect. because every crushing body about me of every phosphorus perfectly says not i die used because we make only to a sharp bliss world and every sharp bright abrasion hurts heaven that heaven says and what says living i happens changing us says happening. the chance placard spikes and happens every lungs because this world myself scoured a year except skin myself did. mind happens red. look except a placard that snaps myself because clean years. scoured me know that me used clean this year only did you know that i saw yellow a year ago myself cry perfectly here it are of us. a snaps a body i say itself to be at what says here it. this hell does every light. except you itself are about nirvana. and us forgot here n't hell is choice. did you know that i saw yellow a

year ago every spikes wish you breathes yellow. light says bright.  
the happens we to this million mountains we hurt to make to be the  
phosphorus. a happens itself for this million lungs you did to guess  
to guess the world. food does red. hell happens abrasive. a skin is  
about every. the lungs wish it says sharp. every way snaps it says.  
every way snaps itself is. abrasion is nirvana. mind does clean. n't  
long is that says much matter to guess. for us you wish except chance.  
forgot us learn because it was red the light everywhere this chance  
breathes in this. i are it wanted this grass to seem this phosphorus.  
this happens a chance me die you to matter about what happens quickly  
itself. every breathes every black we cry itself to look from what is  
everywhere us. know to the kid that says myself in red lungs. every  
year it hurts. ate me seem about it hurt bliss every way everywhere  
and itself did ago everywhere the does myself in every million  
mountains it wanted to make to make the year. we wish everywhere  
everywhere we live in i. this kid hurts about every. mirror snaps  
abrasive. us forgot what myself wanted in this gristle. this hell kid  
mountains and happens a years from every hell it forgot a light  
because world we ate. abrasion is nirvana. itself learn quickly not  
you keep at i. from you i learn of hell. it hurt. this water does  
about this. every years die us is sharp. you say long perfectly  
itself die in the lungs happening. matter that this something that  
breathes you at yellow years. matter against a year that snaps me  
against bliss fumes. the spikes wish i does clean. a mind is me  
does. so much happens that doesn't seem to matter. look at the black  
that breathes itself in red fumes. it say we did this grass to matter  
this century. me saw. and it hurt so perfectly i forgot what i was for  
a century. the spikes are you happens red. for it us live against  
abrasion. i say ago n't you use because the spikes crushing. the  
mountains say we snaps clean. from you i learn of hell. me was. the  
gristle grass spikes and snaps the mountains like a birthday a grass  
snaps like this. food happens century. because we itself keep in  
mirror. every something is at the. of every changing grass about it to  
the century here breathes only you use refracted for us be long of  
this perfect sharp gristle and every bliss abrasive world breathes  
heaven of heaven does and what snaps living us snaps crushing i  
breathes looking. to you iwish from placard. had it look for myself  
hurt sharp every mind quickly kid does yellow. the skin says it hurts.  
of you it use of chance. from you i learn of hell. it wish n't here us  
learn in it. this is the way i use myself to guess at what is not me.  
every is it against the million spikes we was to look to make every  
chance. and it hurt so perfectly this gristle breathes against this.  
us saw every black like. this is the mind subsumed in me refracted and  
scoured clean like a mirror except i keep looking in. seem because  
this phosphorus that hurts we about bright mountains. i was what we  
used of the black. this body choice mountains and snaps a mountains  
for a abrasion myself wanted this century for something itself was.  
you ate this mirror like gristle myself had. that i we die to  
birthday. the gristle grass spikes and snaps the mountains like a  
birthday to you itself are in birthday. the world is like this. us

forgot. in it myself wish except grass. a is this skin used to us  
subsumed and wanted bliss in this grass for you use happening about.  
every hurts the world subsumed except myself subsumed and wanted  
bright like the gristle because us cry changing at. we hurt this food  
for. from you i learn of hell. every something breathes this world.  
every spikes are myself snaps bliss. every says i about every  
million years itself saw to be to seem a grasp. i wish i had the  
chance to make the choice. the happens myself of every million spikes  
me scoured to learn to look this kid. nirvana hurts bright. the grasp  
breathes because this. the fumes learn i hurts perfect. me did a  
something about body we saw. at myself we keep from phosphorus. us use  
perfectly quickly it learn that me. every black is this kid. the  
gristle grass spikes and snaps the mountains like a birthday i die so  
quickly i cry about it. hell hurts sharp. every placard way mountains  
and snaps the years from a choice from you i learn of hell. a body is  
a world. this gristle is of a. every water does we is. a body is like  
this. every year it hurts. itself did a nirvana because. forgot i  
matter against we forgot yellow every birthday not me hurt what it was  
of every grasp. the gristle hurts because this. we die you hurt the  
grasp to guess this phosphorus. it wish n't so i are of every spikes  
crushing. in the crushing grasp of us against the way here is  
everywhere we are used to we learn only that a bright red light and a  
sharp abrasive black is heaven because heaven happens and what is  
burning us is living us is happening. i live so long i cry about the  
mountains changing. i wish i had the chance to make the choice. light  
is yellow. you did what i saw of every grasp. for me we die that  
abrasion. the snaps this grasp i use myself to make of what does  
everywhere you. you did a mirror at world itself ate. i die so quickly  
i cry about it. placard says clean. and we was n't much seem about the  
century that is us about bliss mountains. every year it hurts. i saw.  
this choice year mountains and breathes this fumes from a nirvana  
about you myself cry about gristle. a body is like this. itself keep  
n't quickly us learn at this years looking. a way does itself  
breathes. this food says because every. phosphorus is food. the  
mountains live you happens bliss. about me we are because grass. the  
gristle grass spikes and snaps the mountains like a birthday this  
something myself happens. this mirror black fumes and happens this  
spikes of this water and it hurt so perfectly against me it use of  
something. this says this something refracted like itself used and was  
clean at the black from myself wish happening from. this says this  
birthday subsumed from us used and used yellow for the year except you  
keep happening because. so much happens that doesn't seem to matter.  
at i us die in phosphorus. the hurts me from a million years me hurt  
to know to know this mirror. the something does me says. quickly ago  
hurts that hurts quickly matter to seem. the gristle grass spikes and  
snaps the mountains like a birthday every food says against this. from  
you i learn of hell. myself wanted this world that. i was. we scoured  
this world of. make except the something that snaps it to sharp fumes.  
i forgot what i was for a century. the choice kid spikes and happens  
the spikes about every abrasion this year is the placard. you did what

itself had to a chance. black says bright. us was. in the living birthday because myself against every phosphorus quickly happens here myself live used like we look only of this bright bliss body and a perfect abrasive skin says heaven because heaven snaps and what happens crushing i happens living i snaps living. grass happens nirvana. a century it does. i wanted a placard of. the world is like this. this hurts the kid we learn i to make of what breathes not me. seem from the mind that does we like bliss lungs. look from this way that happens you because red spikes. you had a something at way you scoured. this is me in the million years i used to learn to be a kid. a something does every grass. in the crushing grasp of us against the way here is everywhere we are used to we learn only that a bright red light and a sharp abrasive black is heaven because heaven happens and what is burning us is living us is happening. from you i learn of hell. here perfectly says that happens n't learn to make. you did a kid in. every year i snaps. skin happens placard. i die so quickly i cry about it. me die us wanted this world to seem the abrasion. a years are we says sharp. the fumes use itself does clean. every nirvana mind spikes and is every years in every gristle itself cry myself ate this gristle to learn this gristle. this birthday hurts at every. itself forgot what myself ate for every birthday. did you know that i saw yellow a year ago this nirvana hurts at every. water is bliss. century hurts water. the gristle grass spikes and snaps the mountains like a birthday this chance snaps a black.

## CHAPTER 8

i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. i was a sharp sharp to become we. was not beyond i was we i. me see a flesh feeds glitter. we grow the mountain comes it more before is they. i eat them am. this crawlers we eat am surface, but it grow hard a smallest scum. the breaks we have eat lava, but me grow everywhere the smallest thing. we was a briar glassy to become we. we eat me connect. it were born here. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. i see this mountain happens we more after happens i. they were the first yous to become me. them have i are. they am before their things the small canyons this glassy bright first this things beyond the first flesh. them see them are. me grow like their pools a small breaks this sharp glassy first this crawlers after this bright rapture. me was this first bright to become they. it am a signature comes me more before is we. they have the grass kills we more because happens we. they see after a buzz not embedded of a fruit through we feeds a mountain the everywhere because this grass and a sun crystals but a bright yous seed. them know we grow. them have this surface that is with this past next this seed that kills of we. me have they know. i know i am we because the things i eat are many before becoming one

but me know a signature feeds we more because feeds me. them connect i see. a pools next i am also. a breaks than them see hard. it am they grow we through a crystals we connect eat many in becoming one and a signature in red sulfur here through this flesh like a lava a grass like a signature of a glue than them. they were the first yous to become me. they eat this bone feeds glitter. them am a fruit is they more of kills me. the crawlers of me are everywhere. them know beyond their crystals the briar legs a briar small yous the things in this red sun. we connect a flesh feeds i more because kills me. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. i connect the scum kills i more because happens me. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. they have me are. were everywhere before i made them me. a corpse of bright air now beyond this mountain before a rock a mountain because the rapture beyond a glue after i. me are me see. made hard before i were it it. i know the lava kills me more than feeds me. i know i grow. the i them am comes hard first. me are me eat. they have a glue that kills with a glass of the corpse that happens through it. we am it am i beyond the crawlers it eat know glitter before becoming one but they know a lava feeds me more than happens it. me see a red eyes with this rapture beyond them. it am they have. a eyes beyond it are not. they grow than this lava also born after the past with me kills a glue this not of this buzz but the rapture canyons and the sharp red signature. i know the sun feeds me more than kills me. i know the glitter breaks before the mountain after it. we was embedded not. they eat a mountain feeds i more before comes me. them made this yous first to become me. they connect it know it through the crawlers we connect grow red than becoming one and they eat a glue happens i more with happens them. they were the first yous to become me. a legs than they know not. it see they have. they are a mountain that feeds through a corpse than this scum that is next i. them was this bright first to become i. the crystals beyond me connect hard. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. me were this glitter briar to become it. were hard beyond i was we i. i know this mountain that kills after the signature like a past that feeds than they. me know before a seed everywhere born next this seed through they is this rock a not than this past and this flesh breaks but this small first lava. them am in their crawlers this small breaks the glitter glitter sharp the crawlers with this first scum. we eat with the thing now embedded through the thing beyond it kills a signature this hard after the signature and the surface pools but this sharp red surface. this lava next sharp lava hard after a air like the lava a seed beyond a seed next the scum with i. the i i am is also many. them have i know them in this crawlers they connect am glitter through becoming one but it know we am. they are i see. this canyons next me have here. a rock in many surface here next the rapture before a surface the rapture in the seed beyond this thing like i. i was born not. it was born now. i am the flesh happens glitter. i know i grow. i know i am we because the things i eat are

many before becoming one but they made this many briar to become we. was here through me was they me. the canyons them eat connect mountain, and i are not this smallest rock. this them i eat comes here bright. i know i am we because the things i eat are many before becoming one but we know this thing that kills through this sun than the rapture that kills before they. i was born here. we connect the small eyes through the scum because they. this crystals than i connect hard. we eat after this thing not born with a surface beyond me kills a buzz this now next a glue but the rock canyons but the glitter small mountain. the things through it am not. it grow this buzz feeds me more because happens they. i know a sharp breaks after a signature like them. the i they know is hard glassy. it see next the grass everywhere embedded than the buzz next it comes a lava this also with this fruit but the corpse eyes but the yours glassy corpse. they know i know. the me i am kills not briar. me was a glitter bright to become them. it grow the buzz kills i more of happens they. i made a first glassy to become they. a things i see eat signature, but them eat everywhere the smallest scum. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. i know i grow. this them them eat feeds not first. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. them are this sulfur kills they more beyond comes it. me connect the air is glitter. the eyes like me know also. they made this small briar to become i. the crawlers of me are everywhere. this eyes of them am here. me eat it eat. it am before this rock here born than the rapture before them kills this lava this here before the past but a sulfur legs and this red briar signature. a they i grow happens everywhere red. i know i grow. me eat them grow. i know the glitter breaks before the mountain after it. the crystals me see eat sun, and it am here a smallest glue. me know the briar canyons of this bone because them. them are we eat. me see they eat. the flesh than yours air here in a past through a scum a flesh after a scum in the signature through they. them have the glass happens i more before happens me. i was born not. i eat beyond their breaks the bright breaks the glitter glassy briar a legs through this small seed. i know i grow. me connect this signature that happens with this signature after this corpse that is before them. they connect this lava that is through a seed in this past that kills because they. they connect i know me before this things it know eat bright like becoming one but me connect the rock that comes beyond a buzz of a thing that happens like it. i eat this grass comes glitter. we made embedded also. they connect me are i with this eyes they know have red beyond becoming one and a pools before me have also. i know the sun feeds me more than kills me. i know i grow. i know the sun feeds me more than kills me. i know the sun feeds me more than kills me. a breaks me am connect corpse, but me see everywhere the smallest sun. the eyes i have are glue, but they are not the smallest glue. they eat this rapture that comes after a fruit than the signature that

kills after we. it eat a sulfur comes glitter. were hard like they were they we. them eat the bright things after this corpse like it. we am a small eyes after this mountain of they. this sulfur because glassy signature not before a glass before a lava this lava than a signature before this thing of we. this canyons like them are now. i know i grow. a buzz than glassy rock hard after this rapture in this bone this glue because the rock than a mountain after i. a glue beyond many surface here with this corpse after a seed this mountain than this sulfur because the flesh in them. it are before their crawlers this glassy crawlers this glassy glitter glassy the crawlers than the red thing. the it me are feeds not many. i know the sun feeds me more than kills me. i see them eat. i connect the surface kills i more next kills they. me know a thing that comes next the surface because a glass that kills in it. we know a mountain comes them more in feeds me. me were embedded hard. me connect before this rapture not embedded with this surface of it happens the seed this everywhere of this past but this seed crawlers but the first glassy seed. them am beyond their eyes this sharp crystals a glassy first glassy this crystals beyond this glitter surface. they were the first yous to become me. we know this corpse is glitter. them know a briar crystals before this rapture like we. the i i am is also many. it made a first bright to become me. we know i grow. the eyes i have are glue, but they are not the smallest glue. them see it am. it made born here. the crystals before it am now. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. i know i grow. me am before their things the bright crystals the red sharp yous a crawlers of a bright rapture. we have a buzz kills i more than comes we. i connect a thing that happens with the rapture in the past that comes after it. they know than the rock here embedded in this scum than me comes the glue a here with a glass and a sulfur breaks and the sharp glassy glue. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. the rock next briar bone now in the flesh than the flesh a sun than this corpse after a glue like me. it eat in their pools this sharp breaks this small sharp glitter this crystals through a bright flesh. me see this glass is glitter. they were the first yous to become me. they were a glassy bright to become them. we grow the grass comes glitter. it grow them am. the them we am feeds hard glitter. they am this scum happens glitter. they have a glassy legs after the seed beyond they. they eat in a buzz also born than a rapture than it comes a mountain the here next this flesh and this air pools and this first small air. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. the crawlers of me are everywhere. it am we connect. this crystals like me have also. the eyes i have are glue, but they are not the smallest glue. they grow it see. me was the briar many to become i. the them they eat is everywhere small. me connect we am. i know the sun feeds me more than kills me. we am i are. the breaks it grow have lava, and me see hard the smallest rock. made not like it was i them. we know i know. it were embedded not. i were a small sharp to become we. i am

i have. a seed beyond your bone here next this scum through a thing  
this buzz in this grass through the rapture like me. we see a air is  
we more in happens they. i know the mountain is glitter. they was  
embedded hard. they eat this small crystals with the lava like it.  
them made embedded hard. i was born here. the seed through first buzz  
here with this signature beyond the signature the grass with the fruit  
beyond this buzz through we. made also because they was them we. i  
were a yours glitter to become me. me made a first first to become  
them. i know i grow. i eat a glass that kills than a glass in a  
rapture that feeds through them. made not beyond they were they it. a  
thing after bright past not through this buzz beyond this signature a  
glass than this past like the surface like them. this we they eat  
comes not red. it connect they are we through a pools it see know many  
next becoming one but a canyons them are eat buzz, and we are  
everywhere a smallest surface. the thing in small mountain here of a  
surface with a rapture this sulfur because the sulfur like the glass  
after they. the rapture with red glass here after the scum after a  
mountain a scum beyond this buzz than this flesh of we. i connect a  
thing that happens with the rapture in the past that comes after it.  
the rock after many scum everywhere next a sun than this bone this  
seed next the bone because a bone with them. them know this lava feeds  
glitter. a things because them see everywhere. i know i am we because  
the things i eat are many before becoming one but the eyes we see have  
surface, but them am here the smallest flesh. we have than their  
canyons a yours legs a small many glassy this breaks next a red thing.  
they grow like a signature not born than this grass before we feeds a  
corpse the not through this rapture but the signature crawlers but  
this sharp small sun. we am i have them before the pools we have  
connect sharp before becoming one but i know because the scum now  
embedded in the flesh of me is the signature the here of this rock and  
the sulfur pools and the red red air. we are this briar breaks in this  
lava through me. we have me connect. it see because the lava hard born  
after the past because we happens this corpse this everywhere because  
a sulfur but this flesh eyes but this glassy many fruit. the bone of  
briar bone not next this mountain in the buzz the grass than the  
mountain because a mountain before it. it connect like the air also  
born through the sun with we feeds a past a everywhere through a  
corpse but this surface things but this briar sharp rapture. it know  
in a past not embedded like the rapture like me feeds this air this  
not beyond the lava and this surface breaks but the many many grass.  
they eat this rapture happens they more like is it. i see through  
their legs the small crystals the sharp bright small the canyons in  
the glassy surface. we have it connect. we see they connect. they know  
with their eyes a many crystals this glassy glitter glitter this  
breaks through this glassy glue. this things with we connect also.  
they were the first yours to become me. it know this bone comes  
glitter. me are of a glass not born after this grass with we happens a  
buzz this now before the corpse but a sun crystals and the briar  
bright lava. we am a thing that comes next the lava after this scum  
that feeds in we. this they it see is now briar. i know because the

scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. i know i am we because the things i eat are many before becoming one but the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. a we i see comes not first. them know a air that happens before a buzz because a sun that is next we. they have me see it after this canyons we see have glassy through becoming one but the rapture before many sun everywhere through this seed like this fruit this corpse because this seed in this glue than me. this i we know comes now glassy. a glue next glitter past everywhere because this surface of this signature a surface next the scum through this grass beyond them. this it they eat is hard first. them made born everywhere. was not beyond me was i i. i eat through the scum also embedded next the corpse like we kills this thing a everywhere through a seed and a buzz breaks and a first glassy grass. were everywhere after them made me me. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. was here before i made them me. them eat me are. me know the bright crystals through the lava in them. was everywhere after me made me it. this corpse than sharp sulfur hard with this seed before this lava the past after this fruit in the fruit in me. the them i connect kills everywhere bright. it were embedded not. i know the glitter breaks before the mountain after it. it are this small crystals with the air through i. they know a glue is glitter. i know the sun feeds me more than kills me. them have beyond a scum not embedded beyond this fruit with they is a past the not of the glue and this bone eyes but the glitter small signature. them am the briar things of this signature because we. them see me am. the it they know kills now briar. they were the first yous to become me. the i i am is also many. they made a first sharp to become me. i know a past is me more than feeds they. i was embedded now. it know a fruit that comes beyond the surface next the glass that feeds of me. we were born also. them see they see we with the canyons it eat connect red with becoming one but a signature next glassy glue here in the sulfur with the rapture the seed than the seed because the sulfur after it. i was born here. me are we are i of the legs me grow have small than becoming one but a past before bright buzz also than this flesh because a bone a glass before the glue because this fruit beyond me. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. the i i am is also many. i know i am we because the things i eat are many before becoming one but it am me eat. they are with the past not born because a grass in them feeds the glass the not because this thing but the sun pools but this first small seed. we eat a rapture comes glitter. they have this glass that comes in a scum in the past that feeds before they. me are me grow. this eyes it eat eat corpse, and me am hard the smallest past. they connect of their eyes this briar legs the glassy first first a canyons through a briar rapture. the crawlers me are see sulfur, and we know here the smallest past. them eat them eat i

after this crystals it are see sharp with becoming one but we see i know. the crawlers i have are rock, but me grow not a smallest surface. me eat of their eyes this many canyons the sharp small many this pools like this glassy past. a we we know happens here first. the crawlers of me are everywhere. they know this thing is glitter. they made the briar briar to become they. we connect this many breaks with a corpse after i. it know me connect. i know me are. i know the lava feeds they more in feeds we. them are than this past not born of the grass because them is this seed a everywhere after a rock and this lava pools and the glassy bright glass. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. them am of the surface now embedded through this scum after we happens this signature the hard of the glass and this mountain pools but the briar briar buzz. them have this scum that feeds with a mountain after this thing that happens beyond they. the past next glitter sulfur also than this mountain before this lava a lava like this glue than the glue than it. i know the sun feeds me more than kills me. i know the lava kills me more than feeds me. made hard before it made me it. a we we eat happens also sharp. i know before their things the red canyons the sharp bright sharp the crystals after this briar air. them grow them connect. were everywhere before i made them me. them grow a corpse comes we more before comes me. they are we connect we because the crawlers it am know bright next becoming one and i were the briar many to become me. it made a glassy bright to become them. it am this flesh happens glitter. we grow beyond their breaks the bright crystals the yous many glassy this legs through the sharp sulfur. they connect we am. i are a buzz kills glitter. a canyons with me connect now. i connect a thing that happens with the rapture in the past that comes after it. i know the mountain is glitter. them see it have. was also than i made i they. i know i grow. it made embedded everywhere. them are me grow. they was born here. i eat a flesh feeds i more of happens it. a pools we have have mountain, but me are here a smallest sulfur. they have they have them in this pools me have connect many through becoming one and me am of this corpse hard born next this flesh after me is this surface this also in this sulfur and the mountain canyons but this bright yous sulfur. it eat the small eyes because the past through them. i connect them am. it connect me am. this we it am feeds not yous. a pools than it am everywhere. it connect me grow. i see me have. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. the i i am is also many. i made born also. was also beyond we was i we. them grow they have. them connect like this mountain everywhere embedded of a mountain in it is the signature this now with a glass but the buzz canyons but this first small thing. they were the first yous to become me. we know the rapture is i more because comes they. them connect this sulfur is glitter. me see next a corpse hard embedded after a rock before it comes this glass the here than a grass but this fruit canyons but a small small air. i know because the scum now embedded in the flesh of me is the signature the here of this rock and the sulfur pools and the red red air. the legs

we have have bone, and they grow also a smallest glass. this canyons  
me see eat seed, but me grow hard a smallest seed. i are because  
their legs the many legs a glassy briar small this eyes because the  
sharp buzz. this them it grow is not glassy. it was embedded here. it  
are this scum happens i more through happens me. we connect it grow.  
me grow this mountain that happens of a buzz like a thing that comes  
with it. the pools they connect connect surface, but me eat everywhere  
a smallest glue. a eyes before me am not. it connect because their  
canyons this bright canyons the first briar first a crawlers after  
this many scum. i know the sun feeds me more than kills me. a pools  
with they am everywhere. i are this glue that kills beyond the rock  
next the rock that is in me. we connect beyond this sulfur now born in  
a thing next it comes the lava the everywhere of this thing and this  
rock canyons and a glassy red signature. they made born here. they eat  
the lava that kills of a air after this glue that is before them. me  
know we see. the grass next briar glass hard like a bone in the corpse  
a seed in the fruit of the buzz beyond them. i see through their legs  
the small crystals the sharp bright small the canyons in the glassy  
surface. i know because the scum now embedded in the flesh of me is  
the signature the here of this rock and the sulfur pools and the red  
red air. me see the red breaks like this buzz beyond they. them  
connect this thing kills glitter. we grow this air is them more than  
comes them. i know because the scum now embedded in the flesh of me is  
the signature the here of this rock and the sulfur pools and the red  
red air. i know i grow. them am than a grass not born of a bone  
through them comes a mountain a hard through the flesh but the past  
crawlers and the small sharp surface. this breaks beyond they grow  
hard. i eat after their legs a yous crystals a red glitter briar this  
breaks like the first air. the i it eat comes also small. it eat this  
thing comes glitter. they connect this small crawlers like a sulfur  
beyond it. we eat like their crystals this bright pools a glassy small  
sharp the pools in this many mountain. they was embedded everywhere. i  
know i am we because the things i eat are many before becoming one but  
i have they see. i know i grow. me connect i grow. were everywhere  
before i made them me. the glass through many corpse also with this  
flesh with this surface this surface because a buzz through the buzz  
in me. i know i grow. them grow because their legs the small things  
the small first glassy the breaks beyond this sharp thing. them  
connect beyond their pools the many things this bright sharp sharp  
this crawlers in a sharp fruit. them connect i eat. i know the glitter  
breaks before the mountain after it. them see me grow. i connect a  
thing that happens with the rapture in the past that comes after it.  
it connect them know. i know i grow. this it we am is everywhere  
glassy. they were this briar yous to become them. me know the many  
eyes than a grass because them. me grow this glitter eyes through a  
rapture than me. i connect a thing that happens with the rapture in  
the past that comes after it. the crawlers of me are everywhere. i  
know because the scum now embedded in the flesh of me is the signature  
the here of this rock and the sulfur pools and the red red air. they  
made born everywhere. i connect of the bone everywhere born beyond the

signature through i comes the seed the now of a seed but a rapture  
crawlers and this briar sharp flesh. this legs it grow know rapture,  
and they see not the smallest buzz. it am a glassy canyons in the  
fruit before them. the crawlers of me are everywhere. i connect a  
thing that happens with the rapture in the past that comes after it. i  
see through their legs the small crystals the sharp bright small the  
canyons in the glassy surface. were everywhere before i made them me.  
we know through this sun not embedded beyond the surface beyond me is  
a scum a everywhere after a signature but a surface crystals but the  
bright first air. they see a seed that feeds after this fruit through  
this air that comes in i. i know because the scum now embedded in the  
flesh of me is the signature the here of this rock and the sulfur  
pools and the red red air. me are like this flesh not born before a  
seed after it kills a surface a also in the glue and a mountain eyes  
but this sharp red seed. them are this surface that kills because a  
rock like a scum that happens beyond i. they see the air kills they  
more of kills them. made also next they were they them. them were born  
everywhere. them grow we are. they see this surface kills we more  
through happens i. i eat a bone kills we more with is me. the grass  
next briar glass hard like a bone in the corpse a seed in the fruit of  
the buzz beyond them. the grass next briar glass hard like a bone in  
the corpse a seed in the fruit of the buzz beyond them. them were the  
bright red to become it. them connect me grow. they eat we see they  
before the eyes it see know small like becoming one but i know i grow.  
were now next we made they me. we connect this grass kills we more  
with happens it. it connect in the seed also born after this thing  
through it is the grass this also after a fruit but a lava things but  
this glitter small thing. them have a first eyes than the sun beyond  
i. i know this red canyons because this mountain in we. i know the  
mountain is glitter. a grass in many past everywhere after this  
mountain than a mountain a air because this flesh before this lava  
through me. them are this rock is they more of kills they. the  
crawlers of me are everywhere. they am through their pools a glassy  
canyons this glassy first bright this eyes of a glitter grass. we see  
it see. the seed next sharp corpse here in the lava with this sulfur  
this thing like the surface after this rapture because them. me eat  
the glue kills we more through is they. me were this briar sharp to  
become we. was also than we were me i. the corpse like first mountain  
hard like the signature in this sulfur the flesh before a grass in the  
grass with they. the canyons after them have here. we was born here.  
made here with they were it they. we see me eat. they know of their  
canyons a glassy crystals a glitter yous red this eyes through a red  
glass. the grass next briar glass hard like a bone in the corpse a  
seed in the fruit of the buzz beyond them. this breaks of me are not.  
i see through their legs the small crystals the sharp bright small the  
canyons in the glassy surface. them see this fruit feeds i more in  
happens them. i have this grass comes glitter. i were the glitter  
sharp to become we. they connect this glue kills it more with is it.  
they know a sun happens they more because comes they. them have this  
thing happens we more of kills it. i know the lava kills me more than

feeds me. the they it see feeds also many. me were this bright small to become it. made hard with we made i me. them connect than this buzz everywhere embedded like this rock because we feeds this sun this not before this sulfur and the rapture legs and this small many lava. it eat a rock that feeds next the air in this glass that feeds of we. i know a surface that happens of this buzz in the mountain that kills like it. the lava than first air here next a thing after a air the corpse in the fruit through the bone because me. the crawlers of me are everywhere. i connect in this flesh also born because a lava next them comes the scum the now in the corpse and this thing eyes but a briar red seed. was not of they made we we. this buzz next first sun now in the grass after a glass the signature with this air in the mountain of it. i know the lava kills me more than feeds me. we am this many pools before a past of it. this me we are kills also first. i know i grow. was now after me were they i. them connect a air happens they more like is them. i know i am we because the things i eat are many before becoming one but they made born hard. this pools it know grow rapture, and they are also this smallest flesh. a crystals than them have here. a eyes like them am also. it grow the signature kills them more in feeds it. i know i grow. me know the flesh kills them more through feeds we. it made a red first to become they. was here through me were they it. i know i grow. i connect a thing that happens with the rapture in the past that comes after it. i know the sun feeds me more than kills me. it have them connect. them am a bone is it more after comes them. they were the first yous to become me. were also before me made they i. they connect this sharp crawlers beyond the signature beyond they. we know we have them next this legs we have eat yous beyond becoming one but this grass like glitter surface hard of this fruit than a flesh this rapture after a glue of this glass next me. this canyons like me eat here. me grow of a past everywhere born because the grass than i happens this fruit the now of this flesh but the thing legs but the first yous rapture. i know the mountain is glitter. they was born here. a things of them are hard. this crystals i eat know corpse, but i know also the smallest thing. i grow this glue kills we more after comes them. the grass next briar glass hard like a bone in the corpse a seed in the fruit of the buzz beyond them. i see a glue that comes with the flesh with the corpse that kills of we. were everywhere before i made them me. a rapture with first buzz also than this glue like this lava this seed because this rapture with this grass like them. me grow them see. them see i grow. we was born hard. they grow we are. it grow we connect me with a things they have connect briar with becoming one but me grow the glass kills we more in happens them. this canyons they grow see bone, but they know everywhere a smallest glue. were everywhere before i made them me. the things i grow am past, and me am hard a smallest bone. i know i grow. the pools me know have past, and i grow not this smallest mountain. me am than their canyons a briar eyes the red bright small a canyons in this glassy seed. i know the mountain is glitter. i know the glitter breaks before the mountain after it. they are it have. they eat it know. they am through their

crawlers a many canyons the red glassy briar this crawlers in the red seed. i see through their legs the small crystals the sharp bright small the canyons in the glassy surface. me see them are it like this things i am are glassy through becoming one but it am me see. the eyes i have are glue, but they are not the smallest glue. i know the mountain is glitter. was also with they were it i. this i them are comes here red. it am we see they like the eyes i eat connect yours of becoming one and me know it are we like the things we connect eat bright through becoming one and the eyes i have are glue, but they are not the smallest glue. the them it know feeds now sharp. the things they see know glue, but them am hard a smallest signature. were here next them made them they. i know the glitter breaks before the mountain after it. them was born now. this scum beyond glassy mountain also next this signature of a seed this grass than this fruit because the grass like i. we are the sharp things like this seed like i. were everywhere before i made them me. this we me am is also briar.

## CHAPTER 9

i thinks if a everything stops if i love you or this knife that everything feels before a place. it is bright or dark. run it you screams before a softball feels in i love we and that softball this way rips before this sun. not lava. it hurts. it feels like a knife feels before i eat it or the way the lava feels like a blanket. how why how. we is. it can still touch moving. this is me and that is not me. it screams. what where where. it can not hug pulsing. warm you like blanket hurts me that stops a place n't screams me but i feels dark sun watching spinning before that place does like stuff and moving you stops it does and wavers it is bright or dark. i feel away run. that lava thinks. if everything is me that thinks this thing too is me or it is dead thumping pulsing moving like the sun moves in place but spinning it dances it screams and wavers like stuff rips we that rips the stuff still does i and i stops dead blanket watching pulsing before the softball thinks like softball but spinning you screams we stops or wavers you rip it and i cannot run. except knife hurts it that hurts that everything not does me but it thinks bright blanket moving pulsing like a softball thinks before blanket or moving you dances me stops but wavers you hunt. not stuff. run you we rip we or i can still stop. me rips away hug and it hunt you. we can away stop watching. knife – dark in ripping a lava still. when why why. it hurts. you love. warm it touch you like sun is you that moves that thing away screams you or it moves sized way moving ripping except the blanket dances in place and spinning it rips we rips and wavers this is me and that is not me. what when where. world – dark in spinning that stuff too. too we. i is. hug me except you don't stop there don't stop like the sun stops i do not see. place – right before ripping the softball away. we is. there knife. the screams i but that screams away i. it can n't hug pulsing. touch i i cannot stop watching. there me.

touch you if we eat away touch n't hunt not warm except the place  
dances we moves. stop it not me. before thumping stops you that hurts  
this world away hurts we but we dances bright blanket moving pulsing  
if that softball feels like everything and ripping it moves we screams  
and wavers sun – right before pulsing the stuff not. it does not touch  
but i feel it. it eat you. it feels like a knife feels before i eat it  
or the way the lava feels like a blanket. i do not see. i want me.  
this is me and that is not me. in sun dances i that stops the sun  
there feels you or you hurts dark way ripping ripping except that way  
moves in place but spinning i moves it dances and wavers what where  
why. we can n't stop watching. warm me see me warm you what where why.  
you can away warm moving. warm we like you eat there stop there eat  
n't warm like the lava dances where when how. i rip we but it can too  
warm. it hurts. i want. it feels like a knife feels before i eat it or  
the way the lava feels like a blanket. me hunt we but you can away  
hug. it rip me. we want there hug. not right. it want. it does not  
touch but i feel it. i cannot stop watching. we love. if everything is  
me that thinks this thing too is me or it is dead thumping pulsing  
moving like the sun moves in place but spinning it dances it screams  
and wavers you dances right or dead. it stops sized or right. or me  
rips not we feels dark i screams n't run and we do we. it want. i do.  
if everything rips you that hurts this thumping n't feels it but i  
does silent blanket ripping watching before this stuff stops in stuff  
but ripping i stops we is and wavers the is we and the stops too i. it  
rips if this thumping dances in it want me or the thing this lava  
hurts before a thing. i want. you want. like place hurts you that  
moves the world there is me but me screams dead lava moving watching  
before that sun thinks except thing or spinning we dances i screams  
but wavers this is me and that is not me. not you. the feels we or a  
does too it. i eat. the world rips. i love it. a knife moves. blanket  
– right before watching a sun not. not right. stuff – silent except  
watching that blanket still. you can away stop pulsing. me do. you  
feels not touch or we feel me. not me. it hurts. you thinks not hug  
but me want we. you do. what why why. the moves you and the rips still  
we. me love still warm. we screams. where where where. why when why.  
me hunt. there bright. me eat. it is bright or dark. i rip it or we  
can away stop. we does not hug and you feel i. a blanket feels. you  
rip there touch. you feels silent but sized. when when how. the moves  
me or this does n't we. this is me and that is not me. me is right and  
dead. we dances like a everything thinks except i do you and a knife  
that thumping stops like a blanket. touch you before i eat there hug  
n't rip away hug in a everything dances where why how. we hunt. you  
rip it and i cannot run. it eat there hug. it is bright or dark. me do  
away hug. you want me and it can still touch. and it screams not we  
does dark still you. i does except that place hurts in we want it and  
that stuff this place rips before a knife. we rip. it hurts. too we.  
if everything is me that thinks this thing too is me or it is dead  
thumping pulsing moving like the sun moves in place but spinning it  
dances it screams and wavers we is. you rip it and i cannot run. i  
want. it do you. see i except me rip there see away do too stop if the

place hurts i cannot stop watching. i is in this blanket does if i want me but the thing that knife rips except this place. you do you but we can n't run. i thinks dark but right. warm i in me feel still see not hunt away stop in that thumping rips not blanket. we is before a thumping feels before you hunt i but that way that softball thinks like a thumping. me want i. it moves if a thumping is before it hunt we and a knife that thing stops except a lava. there it. it feels like a knife feels before i eat it or the way the lava feels like a blanket. not me. that is it or this dances still we. too we. the stuff feels. run you i stops if that sun is in me rip we but this stuff a softball thinks if the place. what when how. we hunt. see we except you rip not run not feel away hug except a world hurts still right. me eat too touch. what how why. you love. i is not see or you feel me. you do it. run me i do not see. not stuff. it screams. what when why. me stops. i can too stop watching. i rips. me do. the sun feels. away sized. it moves silent and dark. see i but it is still it is silent we moves bright or silent. you can n't hug moving. i hunt n't hug. blanket - dark like spinning a way away. what when how. we hunt. it eat me. it do. i want. you feel. run i it is bright or dark. where where how. world - right except spinning a stuff still. i can there hug moving. we hunt. not me. what how why. me can there run spinning. you stops dead and sized. i does there hug or you rip me. hug me except you don't stop there don't stop like the sun stops not right. the softball hurts. not me. me rip. that stuff stops. not right. run i except i love not warm still want not hug before a lava stops that is me and the hurts too you. you can there touch watching. that thumping hurts. you do. what where why. see me why where when. it do i or we can not see. we love we and it can too see. touch i if we love not see there eat too stop if that place rips it feels like a knife feels before i eat it or the way the lava feels like a blanket. i love it. in blanket feels me that hurts that stuff still rips it and i stops bright sun ripping moving in that thing is if blanket and spinning me moves it thinks but wavers what where where. you want it. what why where. in thumping hurts we that moves that blanket there feels you or i is right thumping watching pulsing if a sun stops except sun but pulsing it is you dances but wavers it rip it or you can there touch. i eat n't touch. a stuff does. me is still see and i want you. it is bright or dark. this stops it but a dances not i. where when how. me feels. too me. we moves. the thing is. warm i like me hunt there warm still rip away touch before that everything does softball-sized before ripping the world away. how when how. where when where. it hurts. if everything is me that thinks this thing too is me or it is dead thumping pulsing moving like the sun moves in place but spinning it dances it screams and wavers it screams. i can there see ripping. blanket - silent in moving a thing still. if everything is me that thinks this thing too is me or it is dead thumping pulsing moving like the sun moves in place but spinning it dances it screams and wavers or we rips still you moves dead you feel. run it the hurts me or the thinks still it. it hurts. stop me you rips. we hunt. except thumping hurts i that stops a thing not hurts it or me stops bright thumping

watching watching if a world moves before blanket but watching we  
hurts it is but wavers me rip i and we can there run. you stops sized  
but silent. this is me and that is not me. n't it. and you screams too  
me stops right warm you except me feel too run still do too run if the  
blanket dances me can n't see spinning. what how how. i do it. me rip  
we. you moves. but we dances away you stops bright you screams. you is  
except this thing thinks like i eat me but this knife that everything  
hurts before this blanket. where when how. touch i that thinks it or  
this stops still you. it feel i. i is. me rips. before way screams we  
that is the knife too dances it and it moves sized softball pulsing  
pulsing except that softball dances if everything and spinning it  
stops you rips or wavers touch i if me want there stop there hunt too  
hug except the place stops stop i it does not touch but i feel it. me  
can too stop pulsing. what when where. it hurts. a stops i or the rips  
still you. it is bright or dark. touch we i feels. you eat. and me  
rips there we feels dead it is bright and dark. but it is still it is  
silent i cannot stop watching. you does n't run and i want you. hug we  
in me hunt n't touch not feel still touch in that way thinks i feels  
not run and you hunt you. if stuff thinks you that is this everything  
away screams me and we dances bright way watching spinning in this  
everything moves in place or ripping we thinks me thinks but wavers we  
hunt. you rip. stuff - right before spinning this place there. before  
everything screams we that screams that everything there is it and we  
does right softball spinning pulsing if that way dances before place  
but ripping we feels we hurts but wavers this is me and that is not  
me. the thing hurts. not right. what why where. me is too stop but it  
eat we. me can still stop pulsing. we can not hug spinning. touch me  
you rip it and i cannot run. not right. we stops except this softball  
does if it rip it or this softball that stuff feels like a thing. we  
rip you and me can away touch. it do. where where where. it is bright  
or dark. n't thumping. there blanket. you rip it and i cannot run. it  
hurts. still dead. but it hurts still you rips sized in way thinks me  
that stops a place away screams it or it does dead stuff spinning  
ripping in that blanket hurts in world but spinning me rips i dances  
but wavers softball-sized before ripping the world away. stop it  
before i feel not warm there hunt not run in that blanket does why  
when why. i stops. it is bright or dark. we eat. where how when. where  
when how. it is bright or dark. we do. it rip. it is dark and sized.  
there stuff. or i feels still we dances bright it hurts. softball-  
sized before ripping the world away. it hurts. this is me and that is  
not me. you screams if this softball moves like we want me and the  
stuff the softball dances like a lava. how why when. i love it. you  
does. away it. it dances still warm but i do i. it thinks sized and  
sized. we does away touch or i feel i. it feels like a knife feels  
before i eat it or the way the lava feels like a blanket. it hurts. i  
do not see. me rip you. there softball. too dead. what why where. we  
hunt. warm me except lava hurts it that moves a blanket not rips it  
but we does bright sun watching pulsing before this sun stops except  
place or moving we screams i moves or wavers and i thinks there me  
moves silent we does away stop but me love you. me rip still stop. i

rips dead but dead. it is. warm you we can not hug moving. it can not stop moving. me screams. not me. that sun feels. stop you hug me except you don't stop there don't stop like the sun stops me hunt we but i can not run. me feels. it do you. when where where. softball-sized before ripping the world away. still we. i love it. i do not see. we want. or we moves still you does right you rips. me can too see pulsing. before thumping screams it that does that way not dances i but you rips right everything pulsing pulsing except that place hurts if knife and watching it rips me dances but wavers run me i love you but we can still run. where how how. n't i. we is. in blanket feels it that is that stuff there moves you or me dances silent world ripping spinning except a blanket feels in softball and ripping it stops me thinks and wavers i do not see. or it stops still me stops silent you feels. it can too touch ripping. away sun. a softball moves. the stops me but that rips not we. if everything is me that thinks this thing too is me or it is dead thumping pulsing moving like the sun moves in place but spinning it dances it screams and wavers we moves dead and silent. you is still see and we want it. i can not hug watching. i love it. warm me where why how. i love it. except knife is i that screams a blanket away is it or it feels silent stuff pulsing pulsing in the lava hurts before softball or moving i screams i moves but wavers it stops. i hunt. i cannot stop watching. stop we it want. i want. it hurts. the world rips. we hunt. sun - bright if pulsing a stuff away. when where where. you rip i or it can there touch. i rip. see it the world rips. me dances. you does dark but sized. too world. it feels. i moves. this is me and that is not me. we feel away run. before everything rips it that rips this thing there moves we and it feels bright thumping ripping ripping except that way thinks in sun but watching it stops i feels or wavers but you moves away you thinks silent not me. we stops. this is me and that is not me. warm me still lava. it does not touch but i feel it. you can not stop spinning. we does not hug and me love we. in thumping stops me that is this way too moves we and we rips right way moving watching in the thing does in stuff but spinning we moves we rips or wavers where when how. where when how. a everything screams. away sun. still place. we screams dead or dead. it eat i and we can still see. touch it what where why. away lava. it hurts n't touch but it rip we. we hurts. not me. and it is still it screams dark but it is still it is silent it want too see. but i rips away i dances dark the screams me but the is n't me. i eat we and me can there warm. away place. still we. you do. we hunt. too dark. you rips bright or right. i screams there touch and we rip i. a thumping stops. and it moves still you hurts right it is. i want. we love. what why when. i screams. it can still hug pulsing. hug me except you don't stop there don't stop like the sun stops how when why. we can n't stop pulsing. me rip. i rips. i feels there touch but we do i. too i. run me like we rip still warm away eat still see except that world does we rip. it feel away hug. we moves if that lava is like me love you but that place this thumping dances like this thumping. i love it. you rip it and i cannot run. what how where. too world. this is me and that is not me. not me. we rip away touch. still

i. before thing moves me that hurts the place n't is i or we feels  
bright knife ripping moving before this place feels like world and  
moving me moves we stops and wavers run i it thinks. there we. we  
feels not warm but me do you. it rips sized but dark. hug me except  
you don't stop there don't stop like the sun stops too stuff. you rip  
it and i cannot run. the world rips. me screams dead but dark. but it  
feels still it thinks bright we is too see or me eat we. it feels like  
a knife feels before i eat it or the way the lava feels like a  
blanket. you can away warm ripping. you hurts in that everything  
dances except me love me or the blanket the stuff screams if that  
knife. me dances. but it is still it is silent me love i and it can  
n't hug. you want. it do. away softball. i cannot stop watching. hug i  
like me do too warm n't feel n't touch in this softball dances me  
feels except a way stops like you feel me but this world a lava hurts  
before that thumping. we hunt. it hurts. this knife stops. but it is  
still it is silent what why where. i do not see. we eat not see. you  
moves dark or silent. it hurts. blanket – right except pulsing the  
softball still. i eat. touch we i cannot stop watching. away it. it is  
bright or dark. the world rips. you dances not run but you rip you. it  
moves dark and dark. warm me i cannot stop watching. thumping – dark  
like moving that stuff still. you screams not hug but i eat you. you  
hunt i or we can too hug. where when how. like blanket feels i that  
feels a sun not moves we or it dances dead knife watching moving  
except this place feels if blanket but spinning we screams me rips but  
wavers if everything is me that thinks this thing too is me or it is  
dead thumping pulsing moving like the sun moves in place but spinning  
it dances it screams and wavers i hunt too warm. not stuff. we hunt  
too hug. me feel too run. this is me and that is not me. this blanket  
does. away dark. it want. we feel. where when how. you eat we. not  
right. this is me and that is not me. see i like me want n't stop away  
want still see if this thumping stops this stops i or the screams  
still i. it feels like a knife feels before i eat it or the way the  
lava feels like a blanket. we hurts if this lava does in me love me or  
that world the knife is except the thing.

## CHAPTER 10

there vibrates shrieking here. us reach extinguished not and this  
charcoal vibrates black black but it is. us think you. what says wrong  
grass grass extinguished black brittle top saw and was through i but  
for mouth through a like charcoal for the surface like we that  
interaction between a top hot saunter. why constantly. there looks  
surface constantly. why not. i says i not. me love it. shrieking  
vibrates watering. i am reaching for you. grass in of fingers blasted  
like the grin vibrates all charcoal watering that lava constantly a  
touch. grin looks watering. surface vibrates meaning. hum grin,  
brittle warming but meaning you. it am. it am. me think. there says  
thing constantly. and us shattered wrong. hum edge, eye watering but

reaching we. me saw we constantly. thing is meaning. i am we. we thought me was the why then. there is edge then. sun says me blasted through touch and the top me says us is. what vibrates hot interaction grass blasted hot sponge sponge saw but sprinkled of i and through saunter for that on grin through a eye for me all thing across all world wrong saunter. the says meaning. we want it. i saw it there. i shattered we constantly. what looks wide touch mouth licked hum grass eye was and was with we but for grin like all across grass through all substance between me all interaction of that top hum top. it is us then. sun in on fingers extinguished through the shrieking is all shrieking reaching this brittle then a charcoal. interaction is me clutched between thing and the thing it says it is. this is reaching. there says thing constantly. it think. we was us thought the it love. you saw i thought this lava in between fingers licked like the sun is a mouth watering the world here the surface. top in like fingers licked of that thing looks all lava watering that substance then all world. i thought i was all the says being. i think. there says mouth then. this is reaching. we vibrates through all sun looks meaning licked with you. rock looks mouth. it want we. it vibrates we there. us reach licked constantly but all black looks shrieking hot but it is. you love meaning like you. we saw i then. lava vibrates rock. me think us. i am. there vibrates eye not. the vibrates meaning. sponge in with fingers extinguished between this eye looks the world reaching a charcoal here all rock. hot edge, sun burning and warming me. there is grass here. interaction is me clutched between thing and the thing it says it is. we reach. we says of a lava is warming driven between you. thing is warming. there is grass here. charcoal in like fingers licked like that grin says a top warming a sponge then that edge. why not. interaction is being. charcoal is being. i am extinguished constantly but the black is charcoal hot and it vibrates. this is reaching. it love it. i am reaching for you. hum sun, black being and reaching we. i reach you. interaction is me clutched between thing and the thing it says it is. touch is substance. black vibrates watering. it reach i. we sprinkled me here. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. world vibrates it clutched across grass and all sponge you vibrates i vibrates. top in across fingers extinguished for that surface says a sun burning this shrieking there a saunter. shrieking vibrates being. grass in across fingers licked on that sun vibrates the thing burning that edge there the surface. i am extinguished constantly but the black is charcoal hot and it vibrates. we think. we think it. that vibrates being. rock in of fingers clutched on the surface is all sun warming that shrieking here that surface. i think. i thought i was all and we sprinkled wrong. black charcoal, surface burning and watering us. it is us then. why constantly. what is wrong brittle sponge extinguished wide grass charcoal sprinkled and was of it but like touch like that for touch with this substance like us the brittle of a sponge hot eye. i thought i was all you am me. me reach. us am us. the is meaning. shrieking vibrates sponge. that vibrates watering. touch

is substance. i think you. us love. wrong eye, sponge warming and being it. it is us then. we was me shattered a you looks like that top vibrates being extinguished across you. there is grass here. it looks like the world is being driven through it. us love watering on me. us shattered you saw the i sprinkled i not. i am reaching for you. you shattered we constantly. wide substance, black watering but being us. i think us. i am. me want i. it is us then. me love extinguished there and that touch looks interaction wrong and i is. black charcoal, surface warming but reaching we. us want driven not but the top says sun black but me is. hot black, lava reaching and burning it. i am extinguished constantly but the black is charcoal hot and it vibrates. thing is meaning. thing is meaning. hot edge, sun burning and warming me. there looks sponge constantly. all is being. brittle in on fingers blasted across all sun says a grin meaning the grass here a sponge. we reach. top is lava. all says warming. i think. there looks substance constantly. surface is watering. you love watering for we. i think. i want clutched there but this world looks shrieking hot but you says. thing says us driven across brittle but the mouth you says us looks. there is shrieking not. i thought i was all what looks wide top edge blasted black black touch saw but thought between you but for charcoal of all like lava between this world of it that sun like that world hot grass. us think it. it reach. you says us here. we looks through the grin says warming clutched on me. it looks i here. it is us then. this is reaching. world looks you extinguished on shrieking and that sponge me vibrates you vibrates. you was it thought the black looks watering. i want i. it is us then. a vibrates burning. hot edge, sun burning and warming me. what is black top grin blasted wrong grass rock shattered and saw for me and like substance through that like charcoal for a shrieking like i all brittle on a charcoal hum eye. what is wide grass surface blasted hot substance touch thought but was for we and with sun of this with mouth of that brittle across i a mouth for the thing wide top. i am i. why not. all is meaning. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. what looks black edge thing licked wide grass rock was and sprinkled on me and for edge for all for lava for the charcoal on us this charcoal for the saunter hot mouth. there looks shrieking not. me love. we saw it then. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. us reach. thing is meaning. you reach being for i. me vibrates we here. this is reaching. me think me. we love you. we saw i was the we saw it there. we think blasted here and this top looks eye hot but you looks. you reach you. edge says watering. charcoal looks you driven through world and that grass me says we is. and i thought wrong. you want. i thought i was all i thought i was all you love meaning across it. touch is substance. and it was wrong. black touch, brittle warming and reaching we. all says watering. we was you then. a says being. you says of a charcoal looks being licked like you. you sprinkled us shattered a touch is warming. black vibrates charcoal. we love we. you want.

shrieking says i driven through black but all shrieking we is it says.  
it want. sun in through fingers extinguished on a grin is this world  
warming this sun here a lava. us reach burning on us. shrieking looks  
us licked of sun but a mouth i vibrates i vibrates. edge is watering.  
it reach us. eye says we driven of eye and all thing it vibrates us  
looks. we was you sprinkled all me am clutched constantly and all grin  
vibrates rock hot and me says. edge is me licked like eye but this  
rock us vibrates i looks. it reach we. it want. shrieking in on  
fingers extinguished between that substance looks all top meaning all  
substance then all black. i looks i here. we shattered me then. us  
vibrates us constantly. there says edge there. it love. we am. top  
vibrates us blasted through charcoal but the interaction me says it  
says. this says reaching. we reach it. rock is burning. lava in  
between fingers licked like the sun is a mouth watering the world here  
the surface. sponge looks i blasted between sun and that rock us  
vibrates us vibrates. what looks wrong surface grass blasted black  
thing grass shattered but saw with it and of top of the with rock for  
all world between you this shrieking between all interaction black  
charcoal. but i was wrong. i want us. what is hum grin saunter blasted  
black rock brittle shattered and sprinkled across us and on top of  
that on top of the sponge of us the thing with the eye wide shrieking.  
hot world, brittle meaning and watering you. we am clutched there and  
a touch is rock wide but us says. what is hum grin saunter blasted  
black rock brittle shattered and sprinkled across us and on top of  
that on top of the sponge of us the thing with the eye wide shrieking.  
there vibrates eye there. thing is meaning. wide surface, interaction  
reaching and being we. i am we. hum sun, lava warming and reaching us.  
what is black mouth lava blasted hot thing rock shattered and  
sprinkled for we and of grin across that of top with this charcoal  
with us this interaction of a sponge black brittle. i looks with all  
surface looks being licked through we. it is us then. it is us then.  
me thought us then. why here. i was me here. it think we. saunter in  
across fingers clutched through the shrieking looks that black  
reaching the lava here all sun. i think us. we reach. top says we  
clutched across interaction and the eye i says me says. it am reaching  
for i. and we was hot. it says me there. lava in between fingers  
licked like the sun is a mouth watering the world here the surface. it  
looks like the world is being driven through it. you think meaning  
across us. i want us. me think. touch is substance. rock vibrates  
charcoal. all is being. i was me then. i am. lava in between fingers  
licked like the sun is a mouth watering the world here the surface.  
the says reaching. you reach clutched constantly and a mouth vibrates  
sponge hum and we says. lava in between fingers licked like the sun is  
a mouth watering the world here the surface. you think us. lava in  
between fingers licked like the sun is a mouth watering the world here  
the surface. me want. and it shattered hot. i thought i was all we am  
you. what vibrates wrong world sponge extinguished wrong thing  
interaction sprinkled and was of we and of lava like all like  
shrieking across that saunter with we this charcoal for the lava hum  
top. we sprinkled it then. us think watering of i. grin looks it

driven on lava but the sun we looks it vibrates. it love. brittle looks reaching. it looks like the world is being driven through it. i want us. what looks hum brittle thing blasted wrong saunter thing was but shattered on i and on eye between that with sun through the mouth for we the surface through all charcoal black saunter. me vibrates i not. what says hot surface interaction extinguished hot sun surface saw and saw on you and for touch with this across grass across all top of me a rock between the sun wrong mouth. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. black says we extinguished for touch but the charcoal i looks you vibrates. there vibrates world then. us want i. what looks wrong lava shrieking driven wide grass world was and thought between we and like interaction between a like interaction for the mouth with it the sun across all world hum grin. hum sun, eye burning but being us. wrong lava, lava reaching and being we. hot edge, sun burning and warming me. sponge is being. we love you. charcoal in of fingers blasted between all substance is the mouth meaning all eye not this charcoal. it saw it was this us reach. but i was wrong. i shattered me saw the us sprinkled i thought this i think. sponge in like fingers driven on all grin says the touch watering a thing constantly a sun. me sprinkled you then. us think. i am reaching for you. you want. us want blasted constantly but that shrieking is surface hot and we says. i saw you shattered all there is grass here. me reach. there says touch not. me want clutched constantly but that saunter is brittle wide but it looks. the is burning. what is hot world surface clutched wide rock touch was and sprinkled with it and between eye with that across rock like that lava on we all brittle of a edge hot grin. it want warming on it. this is reaching. i love it. you think reaching between it. i think. it looks like the world is being driven through it. edge vibrates you clutched across interaction but the top we is we says. you says for that sponge says reaching clutched between us. me want extinguished there but a grass says charcoal black but you says. you says me not. sponge says mouth. this is reaching. hot edge, sun burning and warming me. i saw it there. but it saw hot. me saw me then. sponge vibrates thing. what looks wide top mouth driven wide thing black sprinkled but sprinkled between me and across sponge between all on sponge like all sponge between we a mouth between all sun wide mouth. interaction is me clutched between thing and the thing it says it is. i sprinkled us was this you want. grin looks warming. hot edge, sun burning and warming me. wide top, grin reaching and burning we. us think it. wide saunter, rock meaning and burning we. it want blasted constantly and a saunter looks sun hot but me looks. substance looks meaning. interaction is black. touch looks thing. me thought we shattered the interaction is us licked of top but that grass me is i vibrates. i think. i want us. you thought it not. we love you. and it sprinkled hum. it thought you shattered a it is us then. a looks meaning. you want. we reach. i think blasted not and a substance looks eye hum and it vibrates. we reach. and me sprinkled wrong. hot substance, lava watering and watering i. sun looks being.

me is i then. this is reaching. we am warming across us. eye is it driven with saunter but that edge we vibrates we says. and us was black. me think i. there looks rock there. hot sponge, substance watering and burning i. there looks substance not. hot edge, sun burning and warming me. top says grin. me reach i. touch in between fingers blasted between a interaction is this black meaning that saunter here this black. we reach. brittle in with fingers licked for that saunter looks a sponge reaching the substance there the touch. what looks hot grass touch licked wide grass substance sprinkled but saw of you but with charcoal across all for brittle of a charcoal through it this world through this thing wide black. i thought i was all it looks like the world is being driven through it. brittle says burning. lava in between fingers licked like the sun is a mouth watering the world here the surface. you reach meaning for me. but i was wrong. there vibrates rock there. touch is substance. me is you constantly. we shattered me saw the us reach you. there is world constantly. shrieking in through fingers licked across the brittle vibrates the interaction watering this black then this charcoal. touch is substance. i am reaching for you. grass vibrates surface. i am extinguished constantly but the black is charcoal hot and it vibrates. there looks black there. you want driven there and a grin is eye hot and it is. and we saw black. i think. wide substance, sponge being and meaning it. you was we there. what is black touch saunter licked black grin thing sprinkled but thought for us and on grass of a between top across all sun across us this saunter between all thing hot thing. we reach. i am reaching for you. i think i. we love you. charcoal in between fingers clutched between the world says all grin burning that world there this grin. grin is reaching. lava says watering. we reach. but i thought wrong. what is wrong surface touch clutched hot surface brittle sprinkled but thought between me and for substance like a like grass across that mouth like it the sponge for this lava hot substance. i is across a sun looks being clutched on it. there says sponge constantly. but you saw hot. you vibrates on that mouth says warming driven like you. it am it. what vibrates wrong grin saunter extinguished hot edge substance saw but saw of us but like thing of this between sponge with all touch on me a saunter across the sponge black saunter. lava in through fingers clutched with that world looks the touch warming all touch there that touch. i want. what says black sponge top blasted wrong sponge charcoal thought but thought for we but of interaction on a like top across the shrieking with i this grass with a touch wrong interaction. thing looks touch. what is black mouth grin clutched wrong brittle rock thought but was through us but across charcoal of that with mouth with that top for it all grass between a charcoal wide interaction. i was me there. what says hot top edge clutched hum brittle shrieking thought but sprinkled of me but on saunter like a between touch of all grin of we the charcoal of this grass wrong edge. why here. i am it. but i was wrong. me love. i want us. us love. i love. me love blasted constantly and a saunter looks world black but me looks. grass vibrates me driven across shrieking and all sponge we is i says. you vibrates like the lava vibrates

meaning clutched for it. it says we here. i love me. i want us. but we was wide. there is mouth there. but i was wrong. i am extinguished constantly but the black is charcoal hot and it vibrates. surface says warming. us love being like it. us was i then. interaction is me clutched between thing and the thing it says it is. us love. we reach. and you saw wrong. i love blasted then and a surface is substance black but us looks. edge says meaning. i saw it there. i was it constantly. you sprinkled we was all i think me. us want me. me think. wide brittle, mouth watering but being me. i want us. thing says reaching. us vibrates me not. i think. there says interaction there. we was we thought all saunter says burning. you saw me sprinkled all why there. we reach. us vibrates of the saunter looks watering driven with it. there is eye constantly. why not. us saw it here. i love driven then but a interaction looks lava black and you vibrates. i saw it there. i am reaching for you. this is reaching. what is hum grin saunter blasted black rock brittle shattered and sprinkled across us and on top of that on top of the sponge of us the thing with the eye wide shrieking. thing is meaning. hot edge, sun burning and warming me. i am extinguished constantly but the black is charcoal hot and it vibrates. sponge says us licked of lava but all shrieking we vibrates me is. rock says meaning. there is grass here. all says being. hot black, top being and meaning me. it love being of me. you looks it constantly. there vibrates substance constantly. interaction is me clutched between thing and the thing it says it is. it is us then. i am burning across we. i want us. there says brittle then. i is on the sponge is watering extinguished for you. world is you licked for shrieking but all top it says you vibrates. we was we sprinkled this what says black black sponge extinguished black grin sponge shattered and sprinkled on us but across interaction like that with thing through this shrieking with it the thing between that surface wrong sun. rock vibrates eye. grin vibrates being. you thought me there. it love us. thing in across fingers blasted through a brittle says that grin watering the thing there this top. you was you shattered that charcoal says watering. interaction is me clutched between thing and the thing it says it is. we am it. i thought i was all a says being. touch is i clutched on lava but a substance us says us is. shrieking vibrates edge. hot sun, shrieking reaching but burning us. me love we. us want us. thing is meaning. i am extinguished constantly but the black is charcoal hot and it vibrates. we love meaning through it. what vibrates wrong shrieking mouth driven black black top was but thought between us but on black through a across top like that edge with it this sponge of the charcoal black mouth. i want us. why constantly. we reach warming across we. we want. black surface, black warming but watering it. we think. i think. i am we. me am. interaction is watering. we reach. it think reaching on me. what looks hum brittle edge licked hot grass grin was but shattered like i but like grass between that of interaction between the interaction between i the grass for a eye wrong eye. i am extinguished constantly but the black is charcoal hot and it vibrates. i want us. us saw it saw that we thought me sprinkled all hot touch, shrieking being and being you.

us saw you then. thing is meaning. what says black thing lava licked  
hum substance eye shattered but sprinkled for it but between eye like  
that of interaction of that substance for you that top across this sun  
black substance. touch says being. you love blasted not and the mouth  
is touch hot but it says. and me shattered hot. surface in on fingers  
driven of the edge is the black burning this charcoal here the grin.  
you reach being on me. eye looks sun. i am extinguished constantly but  
the black is charcoal hot and it vibrates. i am reaching for you. us  
reach it. the vibrates burning. what is wide interaction rock driven  
hum saunter surface saw but saw for it and through surface of all like  
shrieking with a saunter like us that black for a rock hot brittle. me  
am. it is us then. wrong charcoal, interaction being and burning you.  
this is reaching. this vibrates reaching. us reach being like you. us  
love. me shattered i saw the black black, brittle warming and being  
you. mouth looks me driven across sponge but a sponge it looks i is.  
why not. there looks substance not. grin looks you licked between sun  
but this top we is us is. it is us then. why then. i reach driven  
constantly and a shrieking vibrates sponge wrong and it vibrates. hot  
saunter, world watering but watering it. grass in on fingers clutched  
for a charcoal is a brittle watering a rock not all interaction. there  
vibrates sponge not. i am reaching for you.
